The News.

Our telegraph columns will be found to contain a variety of interesting news from the various theatres of war, but no great or startling event is chronicled.

It is estimated that Ohio has 500,000 DOGS, one to every 5 inhabitants. Massachusetts 100,000; one to every 12 inhabitants, 13 to every square mile. Rhode Island, 6,845; a proportion equal to Massachusetts. From statistics it is estimated that the loyal States keep not less than 3,000,000 dogs. The cost of keeping these, at $10 each per year—and the actual cost is more than double—is $30,000,000.

For a series of years the average damage of sheep killed in Ohio was $111,548, in 1863 it was $144,658. It is estimated that the loss in New York in 1862 was 30,000 sheep, worth $175,000. The estimate number of sheep in the loyal States is 23,000,000. Taking the sheep killed in Ohio as an average, the number of dog-slaughtered sheep in these States is 229,102; and 143,216 maimed. Total loss of sheep killed and maimed by dogs, $1,575,167.

MARYLAND.—Although the Union party carried the lower house of the Maryland Legislature and elected their Governor, at the late State election, the apportionment of Senators enabled the Democrats to obtain a majority of one in the Senate. In this condition of things Mr. Holland, Democratic Senator elect from Dorchester county, resigned on account of ill health, and a special election has just taken place to fill the vacancy, which has resulted in the choice of Dr. Carroll, the Union candidate, by a majority of 225 votes. This change relieves the new government of the State of what might have caused serious embarassment in maturing the legislation necessary to the success of the new *regime* of freedom in Maryland.

RAILROAD AND STEAMBOAT ACCIDENTS.—There were more people killed and wounded by railway accidents last year than in any preceding year since 1854. One hundred and forty accidents occurred: four hundred and four lives were lost, and one thousand eight hundred and forty-six were wounded. The transportation of troops does not account for this increase; for the railroads transported quite as many soldiers in 1863, and yet the number of accidents and the number of killed and wounded were nearly double those of that year. The steamboat accidents in 1864 were less frequent and fatal. They did not exceed the average for the last ten years, but were more numerous than in 1863.

THE Dayton *Journal*, in an article upon a convention of the Ohio newspaper publishers, to be held at Columbus this week, at which the subscription price of weekly papers will probably be raised to $3 per annum payable in advance, expresses its belief that if it is done, one-half the country papers will expire during 1865."

LOSSES BY FIRE.—During the past year the enormous sum of twenty-eight millions, five hundred and twenty-two thousand dollars was lost by fires in the loyal states, without counting losses under twenty thousand, or losses by war, as at Chambersburg. This amount exceeds the losses for any previous year within the last decade.

IN Gen. Torbett's expedition in the Shenandoah Valley, quite a number of soldiers got rather oblivious under the effects of the beverage called apple-jack. By order of the General, they were strapped on their horses and kept there until they got sober. This punishment was found to be an excellent way of instilling temperance principles.

THE War Department has in its possession two hundred and five flags—battle, state, and regimental—captured from the rebels in battle. This of course does not include all that have fallen into the hands of the Union troops. A short time ago the rebels claimed that they had two hundred and thirty-nine of our flags.

THE Manitowoc *Pilot* says in several towns in that county, the number of men remaining to be drawn, to fill last fall's call for men, is considerably less than the quota.

THE distinguished Hood, when he started with his army a few weeks ago, announced that he was "going to Nashville or to hell." He hasn't gone to Nashville.

SINCE the opening of the war, the State of New York has sent 437,701 men to the field—161,614 the past year. Of that number 28,275 have entered the navy.

BOUNTY TAX ELECTION.—At an election in Madison the vote on raising a bounty tax of $25,000 was 450 votes for the tax, 22 against it, and one blank.

NEW HAMPSHIRE.—The Republican State Convention of New Hampshire has nominated F. Smyth, of Manchester, for Governor.

TOO HIGH.—The Board of Supervisors have withdrawn the offer of $1,000 bounty to recruits to fill the quota of New York city.

MONEY in your purse will credit you; wisdom in your head will adorn you; but both in your necessity will serve you.

Janesville.

[From the Rockford Democrat.]

This wintry season is both a bad and a good time to give you a fair idea of this flourishing little city. The inhabitants claim for it between nine and ten thousand population. Janesville, like Rockford, is built on both sides of Rock River, which runs north and south; and at this point is two hundred and forty feet wide. Two uncovered bridges connect the principle business streets of both sides. The lots on Main street, West Side, also the street parallel with the river, on the East, descend to the water so that the banks are lined with mills, manufactories, stables and out-houses of all discriptions, so that you scarcely realize that there is a river until you are in the middle of the bridges of the same width of the streets that they connect, and scarcely divide. If Rockford people could only see the difference this class of bridge makes in the appearance of streets, they would soon wish to do away with that great, ungainly structure, the city bridge, that divides us as completely as if we were two seperate cities. Milwaukee street, which crosses from the West, and intersects Main, on the East Side, is the great thoroughfare of business. I notice by the Daily Janesville *Gazette*, (which by-the-way, is a great way ahead of our daily paper,) that over a thousand teams entered the city yesterday, loaded with grain, pork, wood, &c. Broadway, N. Y., could not be more thronged than these two streets during business hours. They have one advantage over us, which adds much to the beauty of the city, and that is, the stores and business places are all on these two streets; and probably for that reason gives this a much more business-like appearance than our city, the business of which is carried on at different points. They also have the advantage of us in better building material—Milwaukee brick which gives a light, cheerful, rich look to the splendidly built business blocks. I do not think there is over half the number of large blocks in Janesville that we have in Rockford, but they make up in quality for quantity; fine arched, iron-capped windows, and in elegantly constructed stores they are far ahead, but except in this particular, and hotels, they cannot "hold a candle." They lack our magnificent water power and factories, some of them the largest in the world; they lack the broad avenues of trees, mile after mile, and the beautiful gardens that line our streets and beautify our most humble homes.

They build here expensive private dwellings, but there is a great lack of architectural beauty. The houses all seem from the hand of the same architect, and to belong to the same individual; no individuality is shown in the different styles, none of the beautiful varieties of porch, balcony, balustrade, bay window, conservatory, campanile, that which adds so much that is pleasing and interesting to the passer-by. Most of the best houses here, with a few exceptions, are square, two story mansions, with a plain porch, from which you have a good idea of Janesville taste. In a late summer visit to this place, what struck me as most disagreeable, was the absence of trees, those shelters for houses. Trees and shrubs are required to set off architectural beauty, and to a true home they are indispensibly necessary. I have not seen half a dozen places here that make any pretension to an ordinary good garden, and a citizen, who was showing me the city, said, "our city is as entirely different from yours as if we were a different nation." There are many fine natural situations that line the bluff on the West Side that a little cultivation would render beautiful. Mansions embowered in leafy beauty speaks much for the cultivated and refined taste of a community.

There is too much growing materialism too much haste to be rich, by most leading men in our small cities. So much depends upon them; the example they set a community; and I attribute much of the great beauty of our city entirely to the lead that three or four of our most prominent citizens have taken in horticulture. If such men would show more real culture, less haste for gain, they would do more for the real good of the city and public welfare. How much more good would this useless and lavish expenditure practiced in dress and other ways be, used in planting shrubbery and trees around your homes. Half the sums so lavished and squandered would make them little Edens. Improve your place and make it beautiful, and your neighbor will soon follow your example. There is nothing that will prove a snare to a man in cultivating the beautiful in nature; it always purifies his thoughts, and fails not with lapse of time or old age. I would advise some of my Janesville friends to invite to their place some of our gardeners, if they could be induced to come, for they are really needed.

There are some fine public buildings here; amongst them the State Asylum for the Blind, and the Union Schools. The Churches (with the exception of the Roman Catholic, which has just been completed, at a cost of 40,000,) are exceedingly plain. In my next letter I will give the number and different denominations, which information I have not at present. I also will say something about the Union School system here, which I think more convenient and practical than ours; also of the water power, its mills and factories, as much as it will be possible during the present reign of Santa Claus, who is now dominant.

Last evening I attended a very amusing and ingenious display got up for the children of the Congregational Sunday School, in Hyatt Hall. Bowers' famous City Band, of eight pieces, kindly donated their services, and discoursed most delicious music. The principal feature, of course, was a Christmas Tree, loaded with presents from parents and teachers. Santa Claus, making his appearance, acted the character to the admiration of young and old; but the "cap sheaf" was the concluding performance, Van Amburgh with his famous pet Juno. One might be curious to know how an elephant could be gotten up to closely, almost exactly, imitate a live one. Well, the way was this, and for future *tableaux vivants* will be admirable: First, take two men, then make for them legs and feet resembling this graceful animal; these are put on and tied to the thighs. Then the men stand about as far apart as an elephant's hind and fore feet would naturally be, the man in the rear reaching over with his hands on the first man's back; this gives the natural shape to the back. Then over the whole is thrown a skin, cut in natural shape; large ears of the same materal are pinned on, a trunk is made so that it is easily moved with the front hands, tusks also protruding. In this shade, which is perfect, the elephant walks slowly round the stage, throws up his trunk, walks with great care and affection over his master, and altogether showed the usual intelligence. Van Amburg performed his part to the admiration and deafening applause of a densely crowded hall, at fifty cents a ticket.

Almost every church here is keeping this evening (Friday) as Christmas Eve, and other equally comical "doings" are said to be going on, but we could not be in more than one place at a time, and another such hearty laugh would be unsafe the same evening. Hoping you have had an equally Merry Christmas, I am Yours,

TASSIE TINNIE.

Expedition to Alabama.

GREAT DESTRUCTION OF REBEL STORES.

A dispatch from New Orleans says: On the 13th of December a force of about two thousand men, comprising detachments from the Second Maine cavalry, the First Alabama cavalry, the Fourteenth New York cavalry, three regiments of colored infantry and two pieces of artillery, under command of Colonel G. D. Robinson, of the Ninety-seventh colored infantry, left for a raid into Alabama to sever communications by telegraph and railroad at Pollard's, and destroy such property and stores as might be found there. On reaching Pollard's, on the 16th, the place was found evacuated. The railroad depot, a train of eight cars, mostly filled with grain, a railroad storehouse filled with grain and government property, quartermasters' and commissioners' storehouses filled with stores, an ordnance building with two thousand stand of arms, and the trestle-work and a number of miles of the railroad, were destroyed by our troops.

This having been accomplished, the expedition set out to return, but were met at Little Esculbia by the enemy under Colonel Armistead, who opposed their crossing a bridge. The colored infantry made a successful charge, led by Colonel Robinson, who fell, shot through the thigh, when half-way across the bridge. After Colonel Robinson was wounded, the command devolved upon Lieutenant-Colonel A. D. Sparling, of the Second Maine.

A second attack was made by the enemy, which was repulsed, and the rebels skulked through the woods with heavy loss, including Colonel Armistead killed. Seven rebel flags were captured. The expedition was not again molested. Our total loss during the expedition was seventy-five killed, wounded and missing.

THE London *Saturday Review*, a violent denouncer of the North, declared, on learning that Sherman had abandoned Atlanta and was marching to the coast, that "a more surprising operation was never undertaken by any General; for the abandonment of Atlanta and of the Chattanooga Railroad would be a confession of defeat, while the exedition to the eastward would imply entire contempt for the forces of the enemy." We wonder if that sheet will not pretty soon come to the conclusion that Sherman's entire contempt for the force of the enemy, was well founded.

COMMERCE OF NEW YORK.—During the year 1864 four thousand eight hundred and nine vessels arrived at the port of New York from foreign ports—a decrease of two hundred and seventy-three from 1863. This decrease is very slight when the effects of the war are taken into consideration. But few of these vessels carried the American flag. One hundred and ninety-eight thousand three hundred and forty-two passengers arrived, the most of them emigrants who have settled in this country.

THE following is the form of the oath subscribed to by Mr. Chase, upon assuming the position of Chief Justice of the Supreme Court:

I, Salmon P. Chase, do solemnly swear that I will do equal justice to the rich and the poor, and that I will to the best of my ability, and in accordance to the constitution, faithfully discharge the duties of Chief Justice of the Supreme Court of the United States.

A gentleman in Scotland has preserved an old number of the Greenock *Advertiser*, containing the following announcement:

"NOTICE TO CORRESPONDENTS.—T. C. The lines commencing 'On Linden when the sun was low,' are not up to our standard. Poetry is evidently not T. C.'s *forte*.

A RESOLUTION sought to be introduced in the House by Blair for the appointment of another Lieutenant General, inferior to the Lieutenant General commanding the armies, was designed to create the position for Gen. Sherman.

MINNESOTA.—The Governor's message states that 665,750 acres of land have been entered during the past year, making an increase of 202,454 acres over the year before, and showing a large immigration.

GEN. BEALE, agent for supplying rebel prisoners has made arrangements for the purchase of 30,000 blankets, but is unable to secure them on account of the non-arrival of cotton for the payment.

THE Washington *Star* learns from a person who saw Moseby on Sunday last that his wound will prove fatal, his friends having abandoned all hopes of his recovery.

A telegraph message was sent a few days since from City Point to Chattanooga with but a single repetition, and that at Pittsburg. The distance is about two thousand miles.

AT THE suggestion of Adjutant General Baker of Iowa, a meeting of the Adjutant Generals of the loyal States is to be held at Columbus on Tuesday, January 17th.

A BILL was introduced in the House Thursday to provide a Government for Wyoming, to be chiefly carved out of Utah and Washington Territories.

THE President at the instance of Geo. D. Prentice and W. R. Grist, has acceded to the request of Lieut. Gov. Jacobs, of Kentucky, to return from exile.

NEW YORK, Jan. 7.—Late rebel newspapers show that the fight of Jeff. Davis and anti-Jeff. Davis factions is constantly growing more sanguinary, and the lines between them are now virtually drawn. Those who are opposed to Jeff. Davis accuse him in the most open and vehement manner of being the cause of all their recent disasters, and they in turn are charged by Jeff's organs with destroying the confidence in the ability of the Confederacy to achieve independence, preventing the full enforcement of the conscription, and encouraging deserters.

The Richmond *Whig*, in an article on England, says she has no ships that could encounter the Yankee monitors with any prospect of success. That although she might build such the probability is that they could not cross the ocean. She could not even break up the blockade, far less send an army and fleet here to assist us. It is therefore hardly worth while to think of trusting to English vassalage.

NEW YORK, Jan. 7.—The Charleston *Mercury* of the 31st says: "Sherman has reinforced Foster's expedition against the Charleston and Savannah Railroad."

The Augusta *Register*, of the 1st, confirms this report, saying: "Foster's batteries have been increased."

The Richmond *Dispatch* of the 4th, says it will not be surprised at any moment to learn that Sherman is on the march.

The *Sentinel* urges a modification of the railroad system in Georgia and South Carolina. The lines now run just where they should not—that is, they are too close to Sherman's army, and as the latter can not be moved, the former ought to be.

The *Herald's* Shenandoah correspondent says there are rumors in circulation in that region, which it is not proper to publish, that the rebels are engaged in some very mysterious military movements.

The Wilmington correspondent of the Richmond *Dispatch* says the Union forces were at one time between Fort Fisher and Wilmington, cutting off the communication both by land and water. If they had not been dislodged soon, Fort Fisher would have fallen, as Fort Morgan did, and with its fall the fate of Wilmington would have been sealed."

The Richmond *Sentinel* says: "The North is becoming bankrupt, by which the South is sure to gain its independence."

NEW YORK, Jan. 8.—The new Governor Magrath of South Carolina, has issued a proclamation calling upon all free whites now between sixteen and sixty to come to the defense of Charleston willingly, or they will forcibly, if necessary.

The Richmond *Enquirer* suggests hanging certain merchants in Wilmington who refused to take confederate money while our fleet was before that city.

The Raleigh *Confederacy* says the surrender of the junior reserves by Major Reese, near Fort Fisher was an act very damaging to his reputation.

By the Columbia *South Carolinian* it appears that a number of union prisoners who had agreed to join the rebel army to escape a rebel prison pen, had been discovered in a plot to escape to Sherman's lines. Seven were shot, and the remainder sent to prison. General Tallifero is in command of the district of Charleston, succeeding General Ransom.

General G. W. Smith is in Augusta.

Major General John C. Brown, brother of Ex-Governor Brown of Tennessee, is recovering from his wound, received at Franklin.

The Raleigh *Progress* says of the Roanoke affair in which the rebels at first claimed so great a victory, that it did not amount to much, no one being killed or seriously wounded on either side.

The Richmond *Enquirer* reports a skirmish on Spring Place, near Dalton Georgia, in which the rebels captured 70 prisoners, 17 horses, and 40 or 50 stand of arms. No date given.

The Mobile *Register* reports that a steamer powerfully armed and just completed at that city, has taken her place in the harbor. She has elegance, strength and speed.

The Charleston *Mercury* understands that Sherman has given the citizens of Savannah fifteen days to settle up their bank and other accounts, which are to be balanced in Confederate Treasury notes. If this be true, there will be but few open accounts in Savannah after the fifteen day's truce expires. Everybody will be eager to square up at once.

The Richmond *Examiner* says: "At the battle of Franklin, the Missouri brigade went in to the fight 688 strong, and had 109 killed, 242 wounded, and 96 captured—making a loss of 447. Gen. Cockerell was wounded three times, but not seriously. Col. Gates was also wounded. Col. Garland and Maj. Parker, with a long list of Captains and Lieutenants, were among the killed.

NEW YORK, Jan. 8.—The *Examiner* says: Yesterday a commission from Grant's lines arrived at Varina under flag of truce, with 1500 blankets for distribution among the Federal prisoners in Richmond, in addition to 1,000 received last week. Of the fifty odd thousand Yankee prisoners held in the South, not over 2,000 are confined in Richmond, and more than half these are in hospital. For a year past the great body of them have been shifting south. Richmond is hard pressed to feed its superabundant population and large armies defending its gates. It is relieved from the incumbrance of an overstocked prison post.

Parties recently from the South think the recent articles in the Richmond papers on the subject of becoming a colony of a foreign power, were put forth to feel the temper of the people. The opinion is expressed that the majority of the people will oppose the plan and prefer an unconditional return to the Union. Southern sympathizers say the articles will be the cause of much discontent and a lack of confidence in Jeff. Davis.

The Richmond *Whig* of the 5th says Gen. Sherman has issued orders refusing to receive any more flags of truce from subordinate officers, and declares if his boats on the river are fired into he will force every citizen of Savannah to leave.

A correspondent of the Richmond *Sentinel* complaining of the severe taxation and high cost of supplies, says his income is $1,200, and his tax is $1,364.

FROM WASHINGTON.

WASHINGTON, Jan. 7.—Subscriptions to the loans yesterday, as recorded at the Treasury Department, were as follows; To the 10-40 loan $2,566,000; to the 7-30, $1,000,640.

NEW YORK, January 9.—The *Times'* correspondent says the investigation in the mine explosion in front of Petersburg is closed, and the verdict will show a divided responsibility resting upon Burnside and Wade, the generals who led the assault. Nor does General Grant hold himself entirely blameless, especially in permitting the selection of the officer who led the assault to be made by lot.

WASHINGTON, January 8.—Gen. Sherman says, in a recent letter, that one hundred thousand negroes desired to come with him on his march through Georgia but he was unable to supply them with food on the march.

A Washington special says the gold medal authorized by Congress to be struck after the fall of Vicksburg, has been finished, and has reached Washington. The time and place of its presentation have not been determined.

It is reported that the list of all persons paying income taxes is being prepared at Washington and will soon be published. The reason for so doing is the numerous frauds practiced on the government, large numbers of people returning their incomes far below their apparent expenses.

NEW YORK, Jan. 9th.—The *Times'* and *World's* Washington special says the Blairs have again started for Richmond, having learned that passes from the rebel Secretary of War awaited them at City Point.

NEW YORK, Jan. 8.—The *Herald's* Washington special contradicts the report that Gen. Fremont has been appointed Minister to France.

The *World's* Washington special says: "Gen. Franklin was examined to-day by the Committee on the Conduct of the War in regard to the Red River expedition. He gave a full history of that affair, together with his participation. Admiral Porter is to be summoned before the Committee to give his evidence on the Red River expedition and the part he took in it."

FROM NEW YORK.

NEW YORK, January 7.—Gold was steady without even the average demand for speculation. Price opened at $2.27½ and fell to $2.26½.

NEW YORK, Jan. 8.—The *Times* notices the fact that in a recent suit in London where shippers of freight sued owners of a blockade runner for damages for failing to fulfill a contract, the judges decided in favor of the plaintiffs being only entitled to nominal damages, because the contract was illegal and decidedly opposed to the neutral proclamation, and having direct tendency to involve the country in war. If the decision is sustained by the bench it will be a severe blow to blockade runners.

An enterprising Austrian military journal calls the advance of Sherman towards Savannah one of the most interesting operations in the military history of modern times, and hardly less important for the fate of Richmond than Waterloo was for Paris.

NEW YORK, Jan. 9.—The *Times* says Gen. Thomas has been made a Major General in the regular army, *vice* Gen. Fremont, resigned, dating from his victory over Hood. Similar nominations for Meade and Sheridan have been sent to the Senate.

A British army officer reports in the London *Star* the result of a professional visit to the Army of the Potomac in terms highly flattering to the power of the United States. He states that he considers the Northern States inexhaustible in men and money. The writer furnishes a pen and ink sketch of Gen. Grant. He discovered resemblance between Gen. Grant and the Duke of Wellington, and a very striking likeness of Gen. Grant to the second son of the Duke. In traveling a thousand miles through the United States, he saw very little to indicate the existence of a great war, and nothing that gave the least sign of the exhaustion of men.

The British *Army and Navy Gazette* says Sherman's position in Atlanta before the Georgia campaign was secure, and his communications Northward were not seriously interfered with, and he was at liberty to go where he pleased. The capture of Atlanta was not the whole object of the original movement from Chattanooga, and the campaign could only end with the capture of Savannah or Mobile.

The Columbia *Carolinian* says: "Gen. D. H. Hill passed down the South Carolina Railroad under orders to report to Gen. Beauregard at Charleston."

FROM SHERIDAN'S ARMY.

WASHINGTON, Jan. 7.—A letter from Loudon county, Va., dated the 3d says a cavalry force from Gen. Sheridan's army, visited the neighborhood of Upperville and Middleburg on the 27th ult., and destroyed and carried away a considerable amount of property belonging to secessionists of that neighborhood. A few days ago another party of union cavalry entered the county from Fairfax and made several arrests of disloyal residents.

A brigade of cavalry and artillery has been stationed near Lovettsville. General Dean is in command of the brigade. Winter quarters are being erected and it is probable this force will remain in the vicinity of Lovettsville during the winter.

NEW YORK, Jan. 9.—The *Herald's* Shenandoah special says: "Jeff. Davis' recent orders to Mosby were to take no more prisoners. Every Northern man, whether soldier or citizen, falling into his hands was to be killed. Mosby's command was to be raised to eight battalions of four companies each and scattered through the mountains; signal stations to be located on the mountains and a complete signal code established."

THE WILMINGTON EXPEDITION.

NEW YORK, January 7.—The *Tribune's* Norfolk correspondent says the military authorities expected Porter would run the guantlet and get in the rear of the Fort on Cape Fear River, and with the Fort cut off Wilmington and thus shut up the river. When on the ground the Admiral was requested to do this, but refused.

The flag that was captured was taken outside of the fort by a brave officer, and the dispatch bearer was shot one third of a mile from the fort. Not one of our men got inside the fort or any of its defences.

While the transports were waiting for the war ships the first three days, the rebels sent down heavy reinforcements to Sugar Loaf camp, in the vicinity of the fort, and these reinforcements were ready to assist the fort in case of attack.

FROM CAIRO AND BELOW.

MEMPHIS, Jan. 3, via CAIRO, Jan. 7.—Gen. Dana has received information from his cavalry forces sent out from here on the 21st of December. They struck the Mobile and Ohio Railroad five miles below Corinth, and had, on the 27th, utterly destroyed it below Okalona. Twenty-nine bridges, a great deal of trestle work, 32 railroad cars, 300 army wagons, and 4,000 carbines were destroyed. Forrest's camp of dismounted men at Verona were dispersed, and six officers and twenty men captured. The expedition did not lose a man.

General Grierson has orders to destroy the road as far as Meridian and release our prisoners at Cahawba, if possible.

FROM SHERMAN'S COMMAND.

NEW YORK, Jan. 9.—The reports of Sherman having crossed the Savannah are confirmed. It is believed that he is marching on Grahamsville.

A Washington letter says: "The entire lot of cotton captured at Savannah will be shipped to England, the claims of English owners to be examined and judged upon by Mr. Draper Government Agent at Savannah, and Savannah immediately opened as a port of entry." The same letter says: "The rebels are preparing to detach part of the force under Lee to operate against Sherman under the supposition that Grant can be held in check by a small force at present."

THE WAR IN TENNESSEE.

CINCINNATI, Jan. 9.—The *Commercial's* correspondent estimates that Hood took from 25,000 to 28,000 men across the Tennessee. Forrest abandoned one hundred and fifty wagons on the north side.

On Friday morning Logan passed through McMinnville with about 800 men, capturing a company of Tennessee cavalry. He crossed the Chattanooga railroad below Tullahoma and tore up a few rails. He is on his way to join Forrest at Russelville.

FROM GRANT'S ARMY.

NEW YORK, Jan. 9.—The *Tribune's* Army of the James correspondence of the 3d, says that Mr. Pollard, of the Richmond *Examiner*, captured some 8 months since, has gone to Richmond to seek an exchange of himself for Mr. Richardson, correspondent of the *Tribune*, captured 18 months since.

FROM BOSTON.

BOSTON, Jan. 7.—The large stone building on the south east corner of State and Washington streets, was badly gutted by fire early this morning. The lower floor was vacant, but the second floor was occupied by Brown Bros., bankers, and the upper portions principally by offices. The occupants do not lose much.

FROM FORT MONROE.

FORT MONROE, Jan. 8.—Secretary Stanton and Gen. Meigs arrived here last evening, also Simeon Draper and other attaches of the Custom House. They sailed from Savannah to-day. Weather stormy.

DISASTROUS FIRE.

CINCINNATI, Jan. 9.—Hayden's extensive rolling mill in Portsmouth, Ohio, was destroyed by fire Thursday, with a large stock of manufacturers' iron. Loss $150,000. No insurance.

TO PREVENT CATTLE FROM JUMPING.—A "Soldier Boy" writes us that he has always succeeded in breaking cattle of the habit of jumping by piercing the ears of the unruly animals and tying them over the head with a piece of twine or ribbon. The philosophy of this is, that an animal always droops its ears when about to jump. When thus tied this cannot be done, and the idea is abandoned.

THE Emperor of Russia has issued a uk se extending the abolition of slavery to Trans-Caucasia, the only province of the Russian Empire where that institution still exists.

This is one of the oldest, safest, and most successful Life Insurance Companies in the United States, and offers advantages not excelled, and in some respects not equalled by any other.

Special care in the selection of its risks, strict economy, and a safe and judicious investment of its funds, emphatically characterize the management of this company.

Dividends of 30 per cent. declared and paid annually to cash paying members, and 25 per cent. to those members paying in part by premium note, and every three years the reversionary interest will be mutually divided.

The tables of mortality exhibit great prudence in the selection of lives, ranking with the lowest in the country.

Cautious, conservative and safe, it is yet in the advance in the essentials of a progressive benevolent institution.

Policies issued in all the various forms, of whole life, short term, endowment, annuity, &c.

ENDOWMENT PLAN.

Whereby the advantages of life insurance are combined with those of a saving's bank. By this mode, a policy is made payable to the assured on his attaining a given age, or should he die previous to that age, to his representatives at his death.—Thus making provision for old age, and affording protection to a family in the event of death.—This plan of insurance is becoming deservedly popular, and is rapidly superseding the old system of life payments. It has received the unqualified approval of the best business men in the land, large numbers of whom have taken out policies under it purely as an investment.

Its ten year non-forfeiture policies also demand particular attention.

Ratio of assets to liabilities 170, showing a bona fide security of $170 for every $100 of liabilities.

Good agents and canvassers wanted throughout the West, and all information fully imparted, and pamphlets and blanks furnished on application to

Institution for the Blind.

One of the most successful and best regulated of Wisconsin's benevolent institutions, is the Institute for the education of the Blind, located near this city. In company with the efficient President of its board of Trustees, and several members of the legislature elect, we paid it a visit on Tuesday last, and spent several agreeable hours in listening to the interesting exercises of the different classes. The officers of the institution are as follows:

Trustees:—R. B. Treat, M. D., President; B. E. Eldredge, Treasurer; H. W. Collins, Secretary; S. W. Smith, Orrin Guernsey, Henry Harpke.

Superintendent:—Thomas H. Little, M. A.

Teachers:—Frances A. Lord, B. A. Sabra M. Scofield, Helen A. Daggett.

Teacher of Music:—Jesse H. Temple.

Foreman of Shop:—Joseph Horton.

Matron:—Mrs. M. H. Whiting.

This Institution was commenced in 1850 with only four scholars. It has now thirty nine. The extract that follows we take from the annual report of the Superintendent:

In the literary department the design is to give a good, broad, English education. The extent of the course is determined by the age, ability, application, etc., of each pupil. It is desired that each one should master thoroughly the studies he takes up rather than that he should take up a great many; that the intellect should become a quick and powerful instrument for the use of knowledge, rather than a capacious vessel to hold it. During the term ending in June last, instruction was given to two classes in Reading, to three in Spelling, to three in Arithmetic, to two in Geography, and to one class each in Writing, Grammar, Rhetoric and Composition, Physical Geography, Algebra, Natural Philosophy and Physiology. At the close of the term a rigid examination was made for the purpose of ascertaining the exact amount of progress made by each pupil; and the records of the examination were made the basis of a new classification of the school for this term. The present classes are as follows: two in Reading, two in Spelling, two in Arithmetic, four in Geography, two in Grammar, two in Writing, one in Algebra, one in Mensuration, one in History of the United States, one in Intellectual Philosophy, one in ... the evening an hour is spent in reading to the school, which is divided into two classes, in order that the older and younger ones may each hear something that will interest them. Occasionally an evening is devoted to an exercise in declamation and recitation. This, though designed as much for recreation as for anything, has really proved a very profitable exercise.

In the musical department instruction has been given to all the scholars but one, in vocal music. There are two choirs, each of which meets five times in the week. About thirty have practiced upon the piano and melodeon, and about twenty upon the violin. A few girls have also taken lessons upon the guitar, and a few boys upon the flute. A brass band has also done very well, considering the condition of their instruments. Regular instruction has also been given in musical composition.

The industrial department is in many respects the most important. For carrying it on, however, the Institute has never had suitable facilities. Our old shop seems to have been designed on purpose to show how great obstacles a blind man can overcome for the sake of earning his own bread. I did hope to be able to announce, in this Report, the completion of a new building, containing ample room for carrying on whatever branches of handicraft might seem to be adapted to the circumstances of the blind. The building now commenced will, when finished, do this for many years, and will also furnish temporary dormitories for our boys while the old wing is rebuilding. It will be necessary for the Trustees to lay the subject of its completion before the Legislature."

All the older boys have had instruction in broom making, in which trade some of them are getting to be quite proficient. We were shown several articles of handiwork of the young misses in knitting, stitching and crocheting that were quite as neatly done as if performed by those blessed with sight. We listened to classes in spelling, reading, mental arithmetic and algebra, and were well satisfied with the result. The class in spelling did remarkably well—no better, in fact, than children of the same age in our common district schools, some of whom did not miss a single word during the daily recitations of the whole month of December, as was shown us by the teacher's record. Those not familiar with the progress that has been made in the education of this unfortunate class of persons, during the last twenty years, will be astonished as well as gratified to visit this institution and see for themselves. The pupils seem cheerful and happy, and are not without their plays and sports to while away the time not occupied in study and recitations. The violin seems to be a favorite with them, and the music furnished by six young lads on that instrument, accompanied by a blind girl on the piano, was a decided gratification to our company.

The institution is fortunate in its selection of officers, especially in Mr. Little, the efficient Superintendent, and in Mrs. Whiting, the careful Matron—both of whom are the right persons in the right places.

The visit, on the part of the members of the legislature elect, was to become personally cognizant of the condition and wants of the Institution, so that they might be prepared to urge its claims upon the legislature now about to meet.

A WASHINGTON special says that the statement in the foreign news by the *Asia*, that the Mexican President has issued letters of marque and reprisal to Americans against French shipping, but which is not believed here in Government circles, will probably bring out a proclamation from President Lincoln, warning our people not to engage in the business on peril of being treated as pirates.

IT is stated in Washington that the Provost Marshal General has decided that such persons as were drafted on the last call, and furnished substitutes for three years, were exempted for one year only, the district receiving credit for two one-year men.

The New Legislature.

The Legislature of this State convenes at Madison on Wednesday next, the 11th inst. We shall probably have the Governor's message in season for our Thursday issue. The following is a list of the members of the Legislature—the only correct one, we believe, yet published:

The Assessment Law.

UNION, January 2d, 1865.

Editors Gazette:—The Legislature will soon meet, and there is to be a new assessment made on real estate next summer. Under our present law, there is a class of persons who have to pay more than their share of the taxes, which is very hard for them to bear at the present high rates of taxation. I mean those who hold real estate that is mortgaged in part payment for the same, or have mortgaged it to make improvements on their premises. Now I believe the assessment law might be altered so as to divide the taxes more equally. As I am not much of a scholar myself, I shall not go into the particulars as to how I think it should be altered, but merely throw out a few hints, hoping they will fall into more able hands, and the needful amendments be secured.

My plan would be for the assessor to deduct the amount of all mortgages out of the valuation of the said real estate, and make a separate assessment of each mortgage, and let the holder of the said real estate pay the taxes on the said assessment, and his receipt for the taxes so paid on the mortgage be lawful tender for the interest on the said mortgage, and then not tax those who hold the mortgages on real estate located in this State.

Yours in haste,
NOAH DEVENPORT.

Campaign in Georgia.

Correspondence of the Cincinnati Gazette.

SAVANNAH, GA., Dec. 26, 1864.

The events of the wonderful campaign just ended are fading already before the dawn of a more brilliant march to come. Still we cannot forget them any more than we forget the sparkling constellations which fade as the brighter light of the morning comes over them. They shall shine as stars in the national firmament through all the quiet evenings of our country's future.

Though no general movement of the army has begun, signs are not wanting of an early campaign. Reviews in the Western army have always been as sure an indication of active service, as they ever were of the reverse in McClellan's palmiest days.

On the 24th Gen. Sherman reviewed the 15th corps, and to-day he reviews the 17th, thus completing his inspection of the right wing of his army. To-night his quartermasters and commissaries will be very busy supplying all deficiencies which may be discovered. Before the week is out the left wing will be reviewed, and its wants noted.

The public at home is not more anxious to hear of this army's advance than the army is to begin it. The soldiers along the river look wistfully every day across into South Carolina, and wish themselves marching. And once with his feet set on that soil, doubly polluted by treason, every man will consider himself as holding a commission from the nation to make South Carolina drain the dregs of that cup of war she mingled first.

There can be no mistaking the principal points of the next campaign. The possession of Branchville, half way between Charleston and Augusta, would make the latter place useless to the rebels, and sever all railroad communication between Richmond and points southwest of Branchville.

The roads from Savannah direct to this point, lead through most extensive swamps, and can be easily obstructed or destroyed by the enemy; still a line of advance by the Savannah river, to the southern limits of the Barnwell district, would not lengthen the march very considerably, while the army would pass through a country richly stocked with all needed supplies. Our prisoners who have lately escaped from Columbia, traveled through this region, and we have thus come to know it well.

There is nothing to prevent an advance. The army is better prepared for it in every respect than when it left Atlanta. The public need have no fears that it will be overpowered, or even checked, whatever its line may be. The army is stronger than the North supposes. There is no body of troops in the Confederacy that can successfully meet Sherman in the field, unless it be Lee's army, and it is questionable whether even Lee would dare attack him in position.

Charleston and Wilmington can both be taken by the time that spring begins to creep northward, and the nation may reasonably hope that Sherman will advance with the season, sowing broadcast the seeds of that final harvest which must yet be reaped at Richmond.

But while the busy preparations for the campaign are in progress, incidents connected with the last may not prove uninteresting.

GUNBOATS AND LAND BATTERIES.

The South has ever developed slowly in all that pertains to manufactures. It begins to appear as if the present war would not last long enough to bring her navy to perfection. As our army approached Savannah, Commodore Hunter steamed up the river to prevent our forces from burning the railroad bridge. The gunboat on which he was, was armed with four 68-pounders, and two 20-pound rifles, and was accompanied by a transport, having on board seven officers and a crew of privates.

Battery I, First N. Y. Artillery, composed of light three-inch guns, was in position on the shore. As the rebel ironclad drew near our battery opened rapidly. The Commodore opened his big guns, fired eleven shots, put about, and leaving the transport to its fate was soon out of sight. Whether the Commodore had forgotten anything, and was going for it, or whether he thought it advisable to report the presence of Gen. Sherman to Hardee we never knew, and the officers captured on the transport were too much exasperated to inform us.

AN INDEPENDENT CAVALRY COMMAND.

Throughout the march the advance of the 17th Corps was covered by the First Alabama cavalry. This is a large regiment made up of the Unionists of north Alabama, and it has been in existence since the first occupation of Huntsville, and has become a most efficient organization. On the late march it was only necessary to bring up infantry to its support on one occasion, ... the fifty or thousand Yankee prisoners ...

The regiment wages a system of warfare peculiar to the forces recruited from southern material. Nearly every man has suffered fearfully in person or property, or in the savage cruelty inflicted upon their families. Every man has private wrongs to redress, and the army which shelters them is bringing terrible retribution within their reach.

THE LINES OF INVESTMENT.

Doubtless the question will be asked, why was Hardee allowed to escape? My friend, whoever you may be, how would you have caught him?

From Fort McAllister, where our right rested, it was twenty-seven miles to the left of the army on the Savannah. Between our lines and the outer works of the rebels, were impassable swamps, and extensive rice fields. The latter were flooded, forming immense lakes six feet deep. But few roads led into the city, and but little firm ground crossed these swamps.

Movements in such a country are necessarily slow, and although at all available points our lines were pressed close up to the rebel works, it was a tedious task to complete the investment of the city. Hardee is an old rat, and just as the trap was about to be sprung he slipped away.

LYON'S KATHAIRON,

Kathairon is from the Greek word "Kathro," or "Katharo," signifying to cleanse, rejuvenate and restore. This article is what its name signifies. For preserving, restoring and beautifying the human hair it is the most remarkable preparation in the world. It is again owned and put up by the original proprietor, and is now made with the same care, skill and attention which gave it a sale of over one million bottles per annum.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair from falling off and turning gray.
It restores hair upon bald heads.

Any lady or gentleman who values a beautiful head of hair should use Lyon's Kathairon. It is known and used throughout the civilized world. Sold by all respectable dealers.

MEXICAN MUSTANG LINIMENT.

The parties in St. Louis and Cincinnati, who have been Counterfeiting the Mustang Liniment under pretense of proprietorship, have been thoroughly estoped by the Courts. To guard against further imposition, I have procured from the United States Treasury, a private steel plate revenue stamp, which is placed over the top of each bottle. Each stamp bears the *fac simile* of my Signature, and without which the article is a Counterfeit, dangerous and worthless imitation. Examine every bottle. This Liniment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable Globe that does not contain evidence of its wonderful effects. It is the best emollient in the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, pains relieved, lives saved, valuable animals made useful, and untold ills assuaged. Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

THIRTY THOUSAND!

These instruments are now in use mostly in the United States and Canada, also in Europe, Asia, Africa, South America, and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Industrial Exhibitions, they have invariably been

AWARDED THE HIGHEST PREMIUM!

whenever exhibiting in competition with others. We shall take pleasure in forwarding, by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We daily see advertisements of some new reed instrument, with strange names, purporting to be superior to Melodeons and School Organs. A new exterior and a new name will naturally attract attention, but the public will bear in mind that *all Reed Instruments*, now manufactured in the United States and Canada, are, or should *as they can be made without infringing our patents*, copies of our own.

Agents for the sale of our Melodeons can be found in all the principal towns of the United States and Canada. Address either

GOTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmonious mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare, that they are equal, *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

Signed, L. M. GOTTSCHALK

DISCRIMINATION AGAINST THE NORTHWEST.—The discrimination of the railroads against Chicago and the northwest generally, [illegible] The [illegible] provisions from Chicago to New York is now $1.60 per 100 lbs., while that from Cincinnati to New York has declined to $1.10 per 100 lbs., and private advices state that some of the roads are carrying for $1. Here is a difference in freight alone of 1-2c per lb., or $1.60 on a single barrel of pork. Such an unjust discrimination against the interests of the packers and producers of the northwest is an outrage, for which we trust the perpetrators may yet suffer. But for the products which are shipped from this city to the seaboard, these very railroads would not find, [illegible] for lack of patronage, and their stocks [illegible] to-day one-half the price at which they are quoted.—*Chicago Tribune.*

"Good News for the Unfortunate!"

THE LONG SOUGHT FOR

DISCOVERED AT LAST.

CURES FROM ONE TO THREE DAYS

CHEROKEE REMEDY

AND

CHEROKEE INJECTION!

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic cures all diseases of the urinary organs.

It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the **Cherokee Remedy,** and should be used in conjunction with that medicine in all cases of Gleet, Gonorrhea, Fluor Albus. Its effects are healing, soothing, and demulcent, removing all scalding, heat and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

Price, Cherokee Remedy, $2 per bottle, or three bottles for $5.

Price, Cherokee Injection, $2 per bottle, or three bottles for $5.

Sent by express to any address on receipt of price.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free to any address, a full treatise.

All such orders must be sent to the Philadelphia Drug Store, agent for Janesville, Wis.

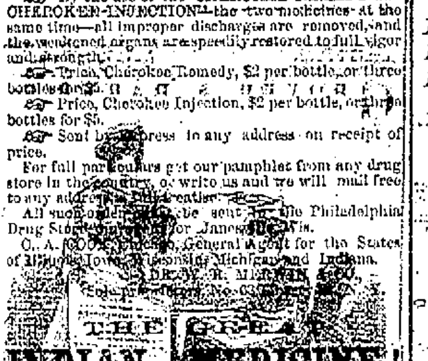
THE GREAT INDIAN MEDICINE!

COMPOUNDED FROM



ROOTS, BARKS AND LEAVES.

CHEROKEE CURE!

This medicine is a simple vegetable extract, and one on which all can rely, as it has been used in our practice for many years, and with thousands treated, it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn case.

To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, Despair not! the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

Price, $2 per bottle, or three bottles for $5, and forwarded by Express to all parts of the world.

For full particulars get a Circular from any Drug Store in the country, or write to the agent, who will mail free to any one desiring the same, a full treatise, in pamphlet form.

All such orders must be sent to E. F. COLWELL, our agent for Janesville, Wis.

Patent Medicines.

THE GREAT AMERICAN REMEDY

Helmbold's Genuine Preparation

"highly concentrated" compound

FLUID EXTRACT BUCHU,

a positive and specific remedy for diseases of

The Bladder, Kidneys, Gravel and Dropsical Swellings.

This medicine increases the power of digestion, and excites the absorbents into healthy action, by which the water or calcareous depositions, and all unnatural enlargements, are reduced, as well as pain and inflammation.

Take no Balsam, Mercury or unpleasant medicine for unpleasant and dangerous diseases.

HELMBOLD'S EXTRACT BUCHU

cures [illegible] in all their stages, at little expense, little or no change of diet; no inconvenience, *and no exposure.*

It causes frequent desire and gives strength to urinate, thereby removing obstructions, preventing and curing strictures of the urethra, allaying pain and inflammation, so frequent in this class of diseases.

Thousands upon thousands who have been the victims of Quacks, and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "poison" has, by the use of powerful astringents, been dried up in the system, to break out in an aggravated form, [illegible]

Use Helmbold's Extract Buchu for all affections and diseases of the urinary organs, whether existing in male or female, from whatever cause originating, and no matter how long standing. Diseases of these organs require the aid of a diuretic. Helmbold's Extract Buchu is

The Great Diuretic,

and it is certain to have the desired effect in all diseases, for which it is recommended.

BLOOD! BLOOD! BLOOD!

Helmbold's highly concentrated compound

Fluid Extract Sarsaparilla Syphilis

This is an affection of the blood, and attacks the sexual organs, linings of the nose, ears, throat, windpipe, and other mucous surfaces, making its appearance in the form of ulcers. Helmbold's Extract Sarsaparilla purifies the blood, and removes all scaly eruptions of the skin, giving to the complexion a clear and healthy color. It being prepared expressly for this class of complaints, its blood-purifying properties are preserved to a greater extent than any other preparation of Sarsaparilla.

Helmbold's Rose Wash,

an excellent lotion for diseases of a syphilitic nature, and as an injection in diseases of the urinary organs, arising from habits of dissipation, used in connection with the Extracts Buchu and Sarsaparilla, in such diseases as recommended. Evidence of the most responsible and reliable character will accompany the medicines.

Certificates of cures, from three to twenty years standing, with names known to science and fame.

Sewing Machines.

WILCOX & GIBBS'

SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the *fixed* needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with no change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will [illegible] cotton, linen, silk and thread. It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

ROTATING HOOK,

and drawing the twist into the *fabric,* thus securely fastening every stitch so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted not to rip in wear, and under all circumstances to survive the washtub. Old worn out family garments, bosoms, [illegible] has been submitted to Committees at Fairs where was the *greatest competition,* and to this stitch premiums have been awarded for its SUPERIORITY, DURABILITY, [illegible] and BEAUTY.

A Patented Device, *prevents the possibility of the machine being run the wrong direction,* or the balance wheel over wearing or touching the dress. By another ingenious Patent improvement,

The Needle Cannot be Set Wrong,

Thus avoiding the great trouble of other machines. In this it is so easy [illegible] set it in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is but three-fourths of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark.* The hem [illegible] to any width. No other hemmer or feller is like this. It turns the hem on the right or upper side, as you wish.

[illegible]

Wilcox & Gibbs Sewing Machine

[illegible]

MATHEMATICAL PRECISION.

[illegible]

Works at an instant's notice, and never stops "unaccountably." Not one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs, in the hands of any one, "knows no "skips," "drops," "jumps" or "misses." The soundness, evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Rapidity, absolute stillness, ease of motion, narrowness and neatness of its Hem and Fell were never approached by any other machine. We can call in any boy or girl from the street, and with three minutes instruction they will set the needle, attach the Hemmer, or Feller, and do the work with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to our office to do their own hemming and felling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

We are General Agents for

BARNUM'S SELF-SEWER,

FOR ALL SEWING MACHINES.

It guides the work itself, thus avoiding the bent needle and strain [illegible]. Price $1.50. Large discount to Agents.

Editors who desire one of these machines on half advertising contracts, can insert this advertisement, send us their paper, and get a machine at any time.

We take other machines in exchange. We sell Oil, Cotton, Silk, Twist and Needles for every kind of sewing machine.

We attend to the repairing of all kinds of machines.

Price of Machines, with hemmer, feller, gauge, oil can, extra needles, full directions, &c., from $56 to $125.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done by one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion, the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

at 10 o'clock a. m. of that day, all of the interest of said defendant in the following pieces or parcels of land situate and being in the county of Rock, in the State of Wisconsin, described as follows, to wit: The north half of the southwest quarter of section No. one (1), in township No. two (2), north of range No. twelve (12), east; Lot No. five (5), in section No. two (2), town No. two (2), north of range No. twelve (12), east; also the west middle part of lot one (1), section No. twenty-six (26), in township No. two (2), north of range No. twelve (12) east, meaning to include all of the interest of said defendant in said lot No. one (1). Dated Dec. 31st, 1864. R. T. PEMBER,
dec31doew6we481 Sheriff of Rock Co., Wis.

COUNTY COURT of Rock County.—In the matter of the estate of Marcus Amsden deceased.

On reading and filing the petition of Sarah M. Amsden, widow of said deceased, representing that he, late of the city of Janesville, in said county, died intestate on the 8th day of October, 1864, leaving property, in said county, and praying that she may be appointed administratrix of the estate of said deceased, it is ordered that said petition be heard before this Court at the office of the Judge thereof in the city of Janesville, in said county, on the 1st Monday of February next, at 10 o'clock A. M. And it is further ordered, that notice of said petition and hearing be given by publishing a copy of this order for three successive weeks, once in each week, prior to said hearing, in the Janesville Daily Gazette, a newspaper printed and published in said city. Dated January 5th, 1865.

THE regular meeting of the Young Men's Literary Union will be held this evening.

HOUSEKEEPERS will do well to note an advertisement in another column headed "grease wanted."

DR. KNAPP will be at the Hyatt House on Wednesday and Thursday of this week, and may be consulted on the cases which he treats.

REVIVAL AT FAIRFIELD.—A gentleman writing us from Emerald Grove says that a revival of religion is in process at Fairfield, Rock county. It is quite wide spread in its effects.

LOST.—Yesterday, somewhere, it is supposed near Trinity church, a small cameo breast pin, which the loser values highly, it being the gift of a brother who died in the army. The finder will confer a great favor by leaving it at this office.

FIRE SUNDAY MORNING.—An unoccupied house belonging to John Spoon, located in the 4th Ward, near the river, was discovered to be on fire about 4 o'clock Sunday morning, and together with its contents, was entirely consumed. It was insured for $475 we understand. No clue to the manner in which it took fire has been obtained.

PERSONAL.—We received a call to-day from Capt. H. H. Coleman of the 38th regiment, who has just reached home, he having received a furlough of 20 days to recruit his health, which has been somewhat impaired. His regiment is in front of Petersburg on the extreme left of Grant's line, where it has remained for a long time. Capt. C. reports the boys from Janesville as in good health and spirits.

FIFIELD BROTHERS.—In another column will be found the card of this sterling firm. They call for a settlement of old accounts, which they propose to have; but at the same time they offer to the public choice lumber, both seasoned and green. They want to purchase dry and green wood, which they also sell and deliver on favorable terms. They will be found honorable and straightforward men to deal with.

THE FUNERAL OF ADJUTANT SARGENT.—The funeral of this gallant young soldier took place yesterday and was largely attended. The procession consisting of a military escort, the firemen in a body and citizens in carriages, formed at the house on Bluff street and proceeded to Trinity Church, where appropriate religious services were held, after which the remains were escorted to the grave and laid tenderly to rest.

Letter from West Milton.

Well, Messrs. Editors, the great event is over. You ask what event. Why the Christmas tree, of course; which has so long been the subject of wonder of what it would be like, among the children of our society.

The friends of the Sabbath school determined to provide something interesting, and perhaps for those of more mature years, and that that something should take place on Christmas evening, and they further determined to obtain a tree, place it in the church and load it with presents, to be given to the children of the school and others designated by the donors.

The time came at last, and the members of our society with their children repaired to the church, where we beheld the tree well loaded with almost all manner of fruit in the shape of presents which seemed almost innumerable.

The tree was a young black oak, placed in front of the desk, filled with apples and shawls, caps and mittens, neckties and collars, birds and rabbits, candies and nuts, castors, photographic albums, Bibles, Testaments and miscellaneous books, and many other things, as traders say, "too numerous to mention," and over all was placed the stars and stripes of the government that protects all loyal people in the enjoyment of their rights. So you see we like our government and mean to support it against "foes within and foes without."

Our celebration passed off very pleasantly in the following order: First, prayer by Elder James C. Rogers, pastor of the Rock River Baptist church.

2d. Calling of the roll, each scholar answering to his or her name with a sentiment, some of which were very appropriate, and all were good. 3d. Song by the choir—Good Evening. 4th. Oration by H. L. Bond. Subject: One Hundred years to come. 5th. Essay by Amelia J. Crandall. Subject: Self Denial. 6th. A poetic oration in concert by a class of young girls. Subject: The sweet story of Jesus among men. 7th. Song by the choir—Glory to God in the Highest.

8th. Essay by Ursula Monroe. Subject: What is Christmas. 9th. Dialogue by Mary Crandall, Helen McHenry, and Minerva Stillman. Subject; The Orphan Girl. Mary Crandall represented the Orphan, Minerva L. Stillman, Pleasure, and Helen McHenry, Wisdom. The piece was well spoken, and designed to show the difference between Worldly Pleasures and Heavenly Wisdom.

10th. Song by a class of young girls—Children in Heaven. Well sung. 11th. A letter from the former Superintendent, Elder B. F. Rogers, now preaching in New Auburn, was read in answer to a request from the school, which was listened to with interest. 12th. Essay by Susan L. Palmer. Subject: Death of a School-mate. 13th. Song by the choir—Come to Me. 14th. Annual address by Elder James Rogers, in which the usefulness of Sabbath Schools and the study of the Bible was well illustrated and ably enforced. 15th. Song by the choir—On Jordon's stormy banks.

Then followed the distribution of presents which all enjoyed, as nearly all had presents, of which nearly seven hundred were distributed. I forgot to mention the bird cage with a live Canary in it which was presented to Mrs. T. Weed, wife of Mr. Theodore Weed, who has served his three years in the 5th Wis. Vol. Song by the choir—Good Night. So closed a Merry Christmas evening.

The orations were well spoken, the essays well read, music good, and put all together it was indeed a very pleasant evening, and will long be remembered with pleasure by all who were present.

Yours Truly, S. N.

A KNIFE IN A HORSE'S THIGH.—A Mr. Rhinehart, of South Coventry township, Chester, Penn., purchased a condemned government horse recently, and discovering a wound or sore on its thigh, which showed no sign of healing, made an examination of the wound, and finding some hard substance in it, extracted it, and found it to be a lady's pocket-knife, with the blade shut.

CITY NOTICES.

STOP THIEF.—Stolen from the subscriber, on the night of Jan. 4, 1865, one dapple gray horse, weighing about 1,000 lbs., rather low built, flat feet, may be a trifle lame; and one bay mare, weighing about 1,050 lbs., with light neck, low built, spirited, and an easy traveler, with one ankle, behind, a trifle larger than the other. Also one dark colored, fancy built cutter, seat stuffed and lined with checked woollen goods; painted, striped, &c. Double harness was light, russet colored reins; one bridal had on a standing martingal, red housings under black pads. Harness considerably worn. Buffalo robe was large and new, with fancy painting on inside. One blanket was dark gray, and quite ragged, and one was nearly new, light colored, checked material, with a piece torn out of one corner. One saddle, made of black leather, McClellan tree, seat lined and edges brass bound; breast strap was yellow.

Any one who will apprehend the villians, or return the property, will be properly and satisfactorily rewarded.

ON ALL sides we hear the merits of the Grover & Bakers Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? *None*, we conscientiously affirm.

PORTER'S

Photograph Parlors."

This has now become one of the fixed institutions of Janesville. The unbounded success which has attended these rooms since their opening, has more than met our most sanguine expectations, and a new "bill" seems to be demanded.

Extending thanks to the entire community for

THE LIBERAL PATRONAGE

bestowed upon this institution, and the just appreciation given to our

WORKS OF ART

we solicit even a larger patronage to enable us by an increase of business to keep the prices of

Pictures Within the Reach of All.

For be it known that, despite that person who thinks pictures are high—pictures, *good* pictures are the cheapest commodity in market.

We shall strive *hard* to please *all*, though we cannot promise always to do it. But we *will* promise always to give you a *good, life-like* picture, and do it with the least possible trouble to the sitters.

STEREOSCOPES

and Stereoscopic views of local scenes for sale at these rooms. We are also prepared to take Stereoscopic pictures of single objects or groups,

From Life or Scenes in Nature.

This is the only gallery in town, perhaps, where photographs can be made with Stereoscopic effect.

DR. KNAPP & SON

Physicians & Surgeons,

FORMERLY OF NEW YORK,

are treating successfully

CHRONIC DISEASES,

On a New System!

Which embraces the best and most approved methods in this and other countries for the cure of all Chronic Diseases.

They treat successfully

All Nervous & Neuralgic Affections,

All forms of Scrofula, Dyspepsia, Diseases of the Liver, Constipation, all Skin Diseases, Pulmonary Consumption in its early stages, Paralysis, Epilepsy, Salt Rheum Headaches, all Heart Diseases, Diseases of Children and

Seminal Weakness, & Sexual Diseases,

Which are carrying thousands to their graves annually.

EYE AND EAR!

They treat successfully, on a new method, all diseases of the Eye and Ear. They have had more extensive practice, and better success in the treatment of all

DISEASES OF WOMEN,

Than any other Physicians in America. They have cured women who have been confined to their bed for years. They never fail to cure

RHEUMATISM!

In all stages; no matter of how long standing. They cure

ASTHMA,

so it never returns. They have a Sure Cure for the distressing disease,

Hemmorrhoids, or Piles!

They cure all Diseases of the

Throat and Lungs!

DIPTHERIA CURED!

They have discovered a

SURE AND SPEEDY CURE

For this Terrible Disease!

It is also a sure cure for Scarlatina, or Scarlet Fever, which is of the same class of disease. It never fails to cure Diptheria or Scarlatina in from 12 to 48 hours. It gives relief immediately.

PRICE PER BOTTLE, - - $5.00

CANCERS!

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without eating them out or using the Knife. Let those who have

TUMORS OR SWELLINGS,

or a red spot lose no time in having it attended to, as a timely treatment may save them from the horrors, suffering and death of an open cancer.

CATARRH CURED!

They are treating Catarrh on a new system which is a

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by *local* treatment *alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never cure*.

Understanding the disease and we know it *cannot* be cured by LOCAL treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the *causes* of *Catarrh*, and thereby effect

A PERMANENT CURE.

THEIR CONSULTATIONS for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

☞Remember they do not promise to cure all stages of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, not next—to-day, not to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.

Our Terms are CASH; hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicines.

☞The poor will be favored.

CONSULTATION FREE.

Patients must write their name, State, post office address, plainly. All letters requiring an answer, must contain a letter stamp, and be addressed to DR. KNAPP & SON, Racine, Wisconsin.

☞Any of the above diseases can be treated successfully by the patients' describing their case in a letter, when they cannot see us.

Dr. Knapp, who has visited Janesville regularly for seven years, can be consulted at the Hyatt House, Wednesday, January 11th and till four o'clock p. m. Thursday, January 12th; Wednesday, March 15th and till four o'clock p. m. Thursday, March 16th; Wednesday, May 17th and till four o'clock p. m. DOTY'S

CLOTHES-WASHERS

Are SIMPLE, DURABLE & CHEAP,

MAKE WASHING EASY,

And SAVE CLOTHES.

These Washers were exhibited at the great New England Fair of 1864, won the admiration of thousands, and were awarded a splendid Diploma; also at the Wisconsin and Pennsylvania State Fairs of 1864, they were awarded the first premium.

To Wool Growers!

☞Wool fleeces may be washed in these Machines at the rate of a *fleece in two minutes*, without tearing them apart, and the wool brings the price of *tub-washed wool*, which is *five to eight cents per pound more* than that washed on the sheep. This is very important to every wool grower.

They are recommended as the Very Best in Solon Robinson's great new work, "Facts for Farmers," by ORANGE JUDD, proprietor of the *American Agriculturist* and by other prominent men.

☞It gives us great pleasure to be able to afford these great household blessings at the following comparatively trifling cost, which is a reduction of about 20 per cent. on former prices:

Small Size, at Janesville, $9.50
Family " " 10.50
Hotel " " 13.50

☞The above prices include Patent Machines with plug instead of faucet, 50 cents less.

Full Directions for Using are Attached to Each Machine.

Any person purchasing a Washer of us may return the same and have the purchase money refunded, if, after four weeks fair trial according to directions, it fails to give satisfaction.

Many of our Washers are now in use in Janesville, and we subjoin the following testimonials:

From Rev. G. W. Lawrence:

MR. DOTY—I confess I have been quite skeptical in regard to the utility of washing machines, until we gave yours a trial. Having tested it thoroughly, we are fully prepared to say, unsolicited, that we regard it as a capital machine. The principle upon which it works is the true one—removing the dirt effectually without injuring the clothes in the slightest manner. My wife endorses it heartily as a labor-saving machine, and considers it truly a "Paragon." With "Doty's Paragon Clothes Washer," and the "Universal Clothes Wringer," washing day is no longer dreaded as in days of yore. G. W. LAWRENCE.

JANESVILLE, Nov. 11th, 1864.

Messrs. Doty Bros.:

GENTLEMEN—I have had in use one of your Washing Machines since May last. We have tried other inventions, but they have invariably proved worthless, after a few weeks use. Yours is the only invention that has stood a satisfactory test in my family. It works admirably, and is a great labor saving machine; while in point of economy it has no equal. It has more than saved its cost already in the diminished wear of clothing, as compared with any other process of washing with which I am familiar. No family can well afford to be without one. Yours truly,

JANESVILLE, Dec. 1[illegible]th, 1864. A. PALMER.

The News.

Our telegraph columns will be found to contain a variety of interesting news from the various theatres of war, but no great or startling event is chronicled.

It is estimated that Ohio has 500,000 DOGS, one to every 5 inhabitants. Massachusetts 100,000; one to every 12 inhabitants, 13 to every square mile. Rhode Island, 6,845; a proportion equal to Massachusetts. From statistics it is estimated that the loyal States keep not less than 3,000,000 dogs. The cost of keeping these, at $10, each per year—and the actual cost is more than double—is $30,000,000.

For a series of years the average damage of sheep killed in Ohio was $111,548, in 1863 it was $144,658. It is estimated that the loss in New York in 1862 was 50,000 sheep, worth $175,000. The estimate number of sheep in the loyal States is 23,000 000. Taking the sheep killed in Ohio as an average, the number of dog-slaughtered sheep in these States is 229,102; and 143,216 maimed. Total loss of sheep killed and maimed by dogs, $1,575,167.

MARYLAND.—Although the Union party carried the lower house of the Maryland Legislature and elected their Governor, at the late State election, the apportionment of Senators enabled the Democrats to obtain a majority of one in the Senate. In this condition of things Mr. Holland, Democratic Senator elect from Dorchester county, resigned on account of ill health, and a special election has just taken place to fill the vacancy, which has resulted in the choice of Dr. Carroll, the Union candidate, by a majority of 225 votes. This change relieves the new government of the State of what might have caused serious embarassment in maturing the legislation necessary to the success of the new *regime* of freedom in Maryland.

RAILROAD AND STEAMBOAT ACCIDENTS.—There were more people killed and wounded by railway accidents last year than in any preceding year since 1854. One hundred and forty accidents occurred: four hundred and four lives were lost, and one thousand eight hundred and forty-six were wounded. The transportation of troops does not account for this increase; for the railroads transported quite as many soldiers in 1863, and yet the number of accidents and the number of killed and wounded were nearly double those of that year. The steamboat accidents in 1864 were less frequent and fatal. They did not exceed the average for the last ten years, but were more numerous than in 1863.

THE Dayton *Journal*, in an article upon a convention of the Ohio newspaper publishers, to be held at Columbus this week, at which the subscription price of weekly papers will probably be raised to $3 per annum payable in advance, expresses its belief that "if it is done, one-half the country papers will expire during 1865."

LOSSES BY FIRE.—During the past year the enormous sum of twenty-eight millions, five hundred and twenty-two thousand dollars was lost by fires in the loyal states, without counting losses under twenty thousand, or losses by war, as at Chambersburg. This amount exceeds the losses for any previous year within the last decade.

IN Gen. Torbett's expedition in the Shenandoah Valley, quite a number of soldiers got rather oblivious under the effects of the beverage called applejack. By order of the General, they were strapped on their horses and kept there until they got sober. This punishment was found to be an excellent way of instilling temperance principles.

THE War Department has in its possession two hundred and five flags—battle, state, and regimental—captured from the rebels in battle. This of course does not include all that have fallen into the hands of the Union troops. A short time ago the rebels claimed that they had two hundred and thirty-nine of our flags.

THE Manitowoc *Pilot* says in several towns in that county, the number of men remaining to be drawn, to fill last fall's call for men, is considerably less than the quota.

THE distinguished Hood, when he started with his army a few weeks ago, announced that he was "going to Nashville or to hell." He hasn't gone to Nashville.

SINCE the opening of the war, the State of New York has sent 437,701 men to the field—161,614 the past year. Of that number 28,275 have entered the navy.

BOUNTY TAX ELECTION.—At an election in Madison the vote on raising a bounty tax of $25,000 was 450 votes for the tax, 22 against it, and one blank.

NEW HAMPSHIRE.—The Republican State Convention of New Hampshire has nominated F. Smyth, of Manchester, for Governor.

TOO HIGH.—The Board of Supervisors have withdrawn the offer of $1,000 bounty to recruits to fill the quota of New York city.

MONEY in your purse will credit you; wisdom in your head will adorn you; but both in your necessity will serve you.

Janesville.

[From the Rockford Democrat.]

This wintry season is both a bad and a good time to give you a fair idea of this flourishing little city. The inhabitants claim for it between nine and ten thousand population. Janesville, like Rockford, is built on both sides of Rock River, which runs north and south, and at this point is two hundred and forty feet wide. Two uncovered bridges connect the principle business streets of both sides. The lots on Main street, West Side, also the street parallel with the river, on the East, descend to the water so that the banks are lined with mills, manufactories, stables and out-houses of all discriptions, so that you scarcely realize that there is a river until you are in the middle of the bridges of the same width of the streets that they connect, and scarcely divide. If Rockford people could only see the difference this class of bridge makes in the appearance of streets, they would soon wish to do away with that great, ungainly structure, the city bridge, that divides us as completely as if we were two seperate cities. Milwaukee street, which crosses from the West, and intersects Main, on the East Side, is the great thoroughfare of business. I notice by the Daily Janesville *Gazette*, (which by-the-way, is a great way ahead of our daily paper,) that over a thousand teams entered the city yesterday, loaded with grain, pork, wood, &c. Broadway, N. Y., could not be more thronged than these two streets during business hours. They have one advantage over us, which adds much to the beauty of the city, and that is, the stores and business places are all on these two streets; and probably for that reason gives this a much more business-like appearance than our city, the business of which is carried on at different points. They also have the advantage of us in better building material—Milwaukee brick which gives a light, cheerful, rich look to the splendidly built business blocks. I do not think there is over half the number of large blocks in Janesville that we have in Rockford, but they make up in quality for quantity: fine arched, iron-capped windows, and in elegantly constructed stores they are far ahead, but except in this particular, and hotels, they cannot "hold a candle." They lack our magnificent water power and factories, some of them the largest in the world; they lack the broad avenues of trees, mile after mile, and the beautiful gardens that line our streets and beautify our most humble homes.

They build here expensive private dwellings, but there is a great lack of architectural beauty. The houses all seem from the hand of the same architect, and to belong to the same individual; no individuality is shown in the different styles, none of the beautiful varieties of porch, balcony, balustrade, bay window, conservatory, campanile, that which adds so much that is pleasing and interesting to the passer-by. Most of the best houses here, with a few exceptions, are square, two story mansions, with a plain porch, from which you have a good idea of Janesville taste. In a late summer visit to this place, what struck me as most disagreeable, was the absence of trees, those shelters for houses. Trees and shrubs are required to set off architectural beauty, and to a true home they are indispensibly necessary. I have not seen half a dozen places here that make any pretension to an ordinary good garden, and a citizen who was showing me the city, said, "our city is as entirely different from yours as if we were a different nation." There are many fine natural situations that line the bluff on the West Side that a little cultivation would render beautiful. Mansions embowered in leafy beauty speaks much for the cultivated and refined taste of a community.

There is too much growing materialism too much haste to be rich, by most leading men in our small cities. So much depends upon them: the example they set a community: and I attribute much of the great beauty of our city entirely to the lead that three or four of our most prominent citizens have taken in horticulture. If such men would show more real culture, less haste for gain, they would do more for the real good of the city and public welfare. How much more good would this useless and lavish expenditure practiced in dress and other ways be, used in planting shrubbery and trees around your homes. Half the sums so lavished and squandered would make them little Edens. Improve your place and make it beautiful, and your neighbor will soon follow your example. There is nothing that will prove a snare to a man in cultivating the beautiful in nature; it always purifies his thoughts and fails not with lapse of time or old age. I would advise some of my Janesville friends to invite to their place some of our gardeners, if they could be induced to come, for they are really needed.

There are some fine public buildings here, amongst them the State Asylum for the Blind, and the Union Schools. The Churches (with the exception of the Roman Catholic, which has just been completed, at a cost of 40,000,) are exceedingly plain. In my next letter I will give the number and different denominations, which information I have not at present. I also will say something about the Union School system here, which I think more convenient and practical than ours: also of the water power, its mills and factories, as much as it will be possible during the present reign of Santa Claus, who is now dominant.

Last evening I attended a very amusing and ingenious display got up for the children of the Congregational Sunday School, in Hyatt Hall, Bowers' famous City Band, of eight pieces, kindly donated their services, and discoursed most delicious music. The principal feature, of course, was a Christmas Tree, loaded with presents from parents and teachers. Santa Claus, making his appearance, acted the character to the admiration of young and old; but the "cap sheaf" was the concluding performance, Van Amburgh with his famous pet Juno. One might be curious to know how an elephant could be gotten up so closely, almost exactly, imitate a live one. Well, the way was this, and for future *tableaux vivants* will be admirable: First, take two men, then make for them legs and feet resembling this graceful animal; these are put on and tied to the thighs. Then the men stand about as far apart as an elephant's hind and fore feet would naturally be, the man in the rear reaching over with his hands on the first man's back; this gives the natural shape to the back. Then over the whole is thrown a skin, cut in natural shape; large ears of the same materal are pinned on, a trunk is made so that it is easily moved with the front hands, tusks also protruding. In this shade, which is perfect, the elephant walks slowly round the stage, throws up his trunk, walks with great care and affection over his master, and altogether showed the usual intelligence. Van Amburg performed his part to the admiration and deafening applause of a densely crowded hall, at fifty cents a ticket.

Almost every church here is keeping this evening (Friday) as Christmas Eve, and other equally comical "doings" are said to be going on, but we could not be in more than one place at a time, and another such hearty laugh would be unsafe the same evening. Hoping you have had an equally Merry Christmas, I am Yours,

TASSIE TINNIE.

Expedition to Alabama.

GREAT DESTRUCTION OF REBEL STORES.

A dispatch from New Orleans says: On the 13th of December a force of about two thousand men, comprising detachments from the Second Maine cavalry, the First Alabama cavalry, the Fourteenth New York cavalry, three regiments of colored infantry and two pieces of artillery, under command of Colonel G. D. Robinson, of the Ninety-seventh colored infantry, left for a raid into Alabama to sever communications by telegraph and railroad at Pollard's, and destroy such property and stores as might be found there. On reaching Pollard's, on the 16th, the place was found evacuated. The railroad depot, a train of eight cars, mostly filled with grain, a railroad storehouse filled with grain and government property, quartermasters' and commissioners' storehouses filled with stores, an ordnance building with two thousand stand of arms, and the trestle-work and a number of miles of the railroad, were destroyed by our troops.

This having been accomplished, the expedition set out to return, but were met at Little Esculbia by the enemy under Colonel Armistead, who opposed their crossing a bridge. The colored infantry made a successful charge, led by Colonel Robinson, who fell, shot through the thigh, when half way across the bridge. After Colonel Robinson was wounded, the command devolved upon Lieutenant Colonel A. D. Sparling, of the Second Maine.

A second attack was made by the enemy, which was repulsed, and the rebels skulked through the woods with heavy loss, including Colonel Armistead killed. Seven rebel flags were captured. The expedition was not again molested. Our total loss during the expedition was seventy-five killed, wounded and missing.

THE London *Saturday Review*, a violent denouncer of the North, declared, on learning that Sherman had abandoned Atlanta and was marching to the coast, that "a more surprising operation was never undertaken by any General; for the abandonment of Atlanta and of the Chattanooga Railroad would be a confession of defeat, while the exedition to the eastward would imply entire contempt for the forces of the enemy." We wonder if that sheet will not pretty soon come to the conclusion that Sherman's entire contempt for the force of the enemy, was well founded.

COMMERCE OF NEW YORK.—During the year 1864 four thousand eight hundred and nine vessels arrived at the port of New York from foreign ports—a decrease of two hundred and seventy-three from 1863. This decrease is very slight when the effects of the war are taken into consideration. But few of these vessels carried the American flag. One hundred and ninety-eight thousand three hundred and forty-two passengers arrived, the most of them emigrants who have settled in this country.

THE following is the form of the oath subscribed to by Mr. Chase, upon assuming the position of Chief Justice of the Supreme Court:

I, Salmon P. Chase, do solemnly swear that I will do equal justice to the rich and the poor, and that I will to the best of my ability, and in accordance to the constitution, faithfully discharge the duties of Chief Justice of the Supreme Court of the United States.

A gentleman in Scotland has preserved an old number of the Greenock *Advertiser*, containing the following announcement:

"NOTICE TO CORRESPONDENTS.—T. C. The lines commencing 'On Linden when the sun was low,' are not up to our standard. Poetry is evidently not T. C.'s *forte*.

A RESOLUTION sought to be introduced in the House by Blair for the appointment of another Lieutenant General, inferior to the Lieutenant General commanding the armies, was designed to create the position for Gen. Sherman.

MINNESOTA.—The Governor's message states that 665,750 acres of land have been entered during the past year, making an increase of 202,454 acres over the year before, and showing a large immigration.

GEN. BEALE, agent for supplying rebel prisoners has made arrangements for the purchase of 30,000 blankets, but is unable to secure them on account of the non-arrival of cotton for the payment.

THE Washington *Star* learns from a person who saw Moseby on Sunday last that his wound will prove fatal, his friends having abandoned all hopes of his recovery.

A telegraph message was sent a few days since from City Point to Chattanooga with but a single repetition, and that at Pittsburg. The distance is about two thousand miles.

AT THE suggestion of Adjutant General Baker of Iowa, a meeting of the Adjutant Generals of the loyal States is to be held at Columbus on Tuesday, January 17th.

A BILL was introduced in the House Thursday to provide a Government for Wyoming, to be chiefly carved out of Utah and Washington Territories.

THE President at the instance of Geo. D. Prentice and W. R. Grist, has acceded to the request of Lieut. Gov. Jacobs, of Kentucky, to return from exile.

FROM THE SOUTH.

NEW YORK, Jan. 7.—Late rebel newspapers show that the fighs of Jeff. Davis and anti-Jeff. Davis factions is constantly growing more sanguinary, and the lines between them are now virtually drawn. Those who are opposed to Jeff. Davis accuse him in the most open and vehement manner of being the cause of all their recent disasters, and they in turn are charged by Jeff's organs with destroying the confidence in the ability of the Confederacy to achieve independence, preventing the full enforcement of the conscription, and encouraging deserters.

The Richmond *Whig*, in an article on England, says she has no ships that could encounter the Yankee monitors with any prospect of success. That although she might build such the probability is that they could not cross the ocean. She could not even break up the blockade, far less send an army and fleet here to assist us. It is therefore hardly worth while to think of trusting to English vassalage.

NEW YORK, Jan. 7.—The Charleston *Mercury* of the 31st says: "Sherman has reinforced Foster's expedition against the Charleston and Savannah Railroad."

The Augusta *Register*, of the 1st, confirms this report, saying: "Foster's batteries have been increased."

The Richmond *Dispatch* of the 4th, says it will not be surprised at any moment to learn that Sherman is on the march.

The *Sentinel* urges a modification of the railroad system in Georgia and South Carolina. The lines now run just where they should not—that is, they are too close to Sherman's army, and as the latter can not be moved, the former ought to be.

The *Herald's* Shenandoah correspondent says there are rumors in circulation in that region, which it is not proper to publish, that the rebels are engaged in some very mysterious military movements.

The Wilmington correspondent of the Richmond *Dispatch* says the Union forces were at one time between Fort Fisher and Wilmington, cutting off the communication both by land and water. If they had not been dislodged soon, Fort Fisher would have fallen, as Fort Morgan did, and with its fall the fate of Wilmington would have been sealed."

The Richmond *Sentinel* says: "The North is becoming bankrupt, by which the South is sure to gain its independence."

NEW YORK, Jan. 8—The new Governor Magrath of South Carolina, has issued a proclamation calling upon all free whites now between sixteen and sixty to come to the defense of Charleston willingly, or they will forcibly, if necessary.

The Richmond *Enquirer* suggests hanging certain merchants in Wilmington who refused to take confederate money while our fleet was before that city.

The Raleigh *Confederacy* says the surrender of the junior reserves by Major Reese, near Fort Fisher was an act very damaging to his reputation.

By the Columbia *South Carolinian* it appears that a number of union prisoners who had agreed to join the rebel army to escape a rebel prison pen, had been discovered in a plot to escape to Sherman's lines. Seven were shot, and the remainder sent to prison. General Tallifero is in command of the district of Charleston, succeeding General Ransom.

General G. W. Smith is in Augusta.

Major General John C. Brown, brother of Ex-Governor Brown of Tennessee, is recovering from his wound, received at Franklin.

The Raleigh *Progress* says of the Roanoke affair in which the rebels at first claimed so great a victory, that it did not amount to much, no one being killed or seriously wounded on either side.

The Richmond *Enquirer* reports a skirmish on Spring Place, near Dalton Georgia, in which the rebels captured 70 prisoners, 17 horses, and 40 or 50 stand of arms. No date given.

The Mobile *Register* reports that a steamer powerfully armed and just completed at that city, has taken her place in the harbor. She has elegance, strength and speed.

The Charleston *Mercury* understands that Sherman has given the citizens of Savannah fifteen days to settle up their bank and other accounts, which are to be balanced in Confederate Treasury notes. If this be true, there will be but few open accounts in Savannah after the fifteen day's truce expires. Everybody will be eager to square up at once.

The Richmond *Examiner* says: "At the battle of Franklin, the Missouri brigade went in to the fight 688 strong, and had 109 killed, 242 wounded, and 96 captured—making a loss of 447. Gen. Cockerell was wounded three times, but not seriously. Col. Gates was also wounded. Col. Garland and Maj. Parker, with a long list of Captains and Lieutenants, were among the killed.

NEW YORK, Jan. 8.—The *Examiner* says: Yesterday a commission from Grant's lines arrived at Varina under flag of truce, with 1500 blankets for distribution among the Federal prisoners in Richmond, in addition to 1,000 received last week. Of the fifty odd thousand Yankee prisoners held in the South, not over 2,000 are confined in Richmond, and more than half these are in hospital. For a year past the great body of them have been shifting south. Richmond is hard pressed to feed its superabundant population and large armies defending its gates. It is relieved from the incumbrance of an overstocked prison post.

Parties recently from the South think the recent articles in the Richmond papers on the subject of becoming a colony of a foreign power, were put forth to feel the temper of the people. The opinion is expressed that the majority of the people will oppose the plan and prefer an unconditional return to the Union. Southern sympathizers say the articles will be the cause of much discontent and a lack of confidence in Jeff. Davis.

The Richmond *Whig* of the 5th says Gen. Sherman has issued orders refusing to receive any more flags of truce from subordinate officers, and declares if his boats on the river are fired into he will force every citizen of Savannah to leave.

A correspondent of the Richmond *Sentinel* complaining of the severe taxation and high cost of supplies, says his income is $1,200, and his tax is $1,364.

FROM WASHINGTON.

WASHINGTON, Jan. 7.—Subscriptions to the loans yesterday, as recorded at the Treasury Department, were as follows; To the 10-40 loan $2,566,000; to the 7-30, $1,000,640.

NEW YORK, January 9.—The *Times'* correspondent says the investigation in the mine explosion in front of Petersburg is closed, and the verdict will show a divided responsibility resting upon Burnside and Wade, the generals who led the assault. Nor does General Grant hold himself entirely blameless, especially in permitting the selection of the officer who led the assault to be made by lot.

WASHINGTON, January 8.—Gen. Sherman says, in a recent letter, that one hundred thousand negroes desired to come with him on his march through Georgia, but he was unable to supply them with food on the march.

A Washington special says the gold medal authorized by Congress to be struck after the fall of Vicksburg, has been finished, and has reached Washington. The time and place of its presentation have not been determined.

It is reported that the list of all persons paying income taxes is being prepared at Washington and will soon be published. The reason for so doing is the numerous frauds practiced on the government, large numbers of people returning their incomes far below their apparent expenses.

NEW YORK, Jan. 9th.—The *Times'* and *World's* Washington special says the Blairs have again started for Richmond, having learned that passes from the rebel Secretary of War awaited them at City Point.

NEW YORK, Jan. 8.—The *Herald's* Washington special contradicts the report that Gen. Fremont has been appointed Minister to France.

The *World's* Washington special says: "Gen. Franklin was examined to day by the Committee on the Conduct of the War in regard to the Red River expedition. He gave a full history of that affair, together with his participation. Admiral Porter is to be summoned before the Committee to give his evidence on the Red River expedition and the part he took in it."

FROM NEW YORK.

NEW YORK, January 7.—Gold was steady without even the average demand for speculation. Price opened at $2.27½ and fell to $2.26¾.

NEW YORK, Jan. 8.—The *Times* notices the fact that in a recent suit in London where shippers of freight sued owners of a blockade runner for damages for failing to fulfill a contract, the judges decided in favor of the plaintiffs being only entitled to nominal damages, because the contract was illegal and decidedly opposed to the neutral proclamation, and having direct tendency to involve the country in war. If the decision is sustained by the bench it will be a severe blow to blockade runners.

An enterprising Austrian military journal calls the advance of Sherman towards Savannah one of the most interesting operations in the military history of modern times, and hardly less important for the fate of Richmond than Waterloo was for Paris.

NEW YORK, Jan. 9.—The *Times* says Gen. Thomas has been made a Major General in the regular army, *vice* Gen. Fremont, resigned, dating from his victory over Hood. Similar nominations for Meade and Sheridan have been sent to the Senate.

A British army officer reports in the London *Star* the result of a professional visit to the Army of the Potomac in terms highly flattering to the power of the United States. He states that he considers the Northern States inexhaustible in men and money. The writer furnishes a pen and ink sketch of Gen. Grant. He discovered resemblance between Gen. Grant and the Duke of Wellington, and a very striking likeness of Gen. Grant to the second son of the Duke. In traveling a thousand miles through the United States, he saw very little to indicate the existence of a great war, and nothing that gave the least sign of the exhaustion of men.

The British *Army and Navy Gazette* says Sherman's position in Atlanta before the Georgia campaign was secure, and his communications Northward were not seriously interfered with, and he was at liberty to go where he pleased. The capture of Atlanta was not the whole object of the original movement from Chattanooga, and the campaign could only end with the capture of Savannah or Mobile.

The Columbia *Carolinian* says:—"Gen. D. H. Hill passed down the South Carolina Railroad under orders to report to Gen. Beauregard at Charleston."

FROM SHERIDAN'S ARMY.

WASHINGTON, Jan. 7.—A letter from Loudon county, Va., dated the 3d says a cavalry force from Gen. Sheridan's army, visited the neighborhood of Upperville and Middleburg on the 27th ult., and destroyed and carried away a considerable amount of property belonging to secessionists of that neighborhood. A few days ago another party of union cavalry entered the county from Fairfax and made several arrests of disloyal residents.

A brigade of cavalry and artillery has been stationed near Lovettsville. General Dean is in command of the brigade. Winter quarters are being erected and it is probable this force will remain in the vicinity of Lovettsville during the winter.

NEW YORK, Jan. 9.—The *Herald's* Shenandoah special says: "Jeff. Davis' recent orders to Moseby were to take no more prisoners. Every Northern man, whether soldier or citizen, falling into his hands was to be killed. Mosby's command was to be raised to eight battalions of four companies each and scattered through the mountains; signal stations to be located on the mountains and a complete signal code established."

THE WILMINGTON EXPEDITION.

NEW YORK, January 7.—The *Tribune's* Norfolk correspondent says the military authorities expected Porter would run the guantlet and get in the rear of the Fort on Cape Fear River, and with the Fort cut off Wilmington and thus shut up the river. When on the ground the Admiral was requested to do this, but refused.

The flag that was captured was taken outside of the fort by a brave officer, and the dispatch bearer was shot one third of a mile from the fort. Not one of our men got inside the fort or any of its defences.

While the transports were waiting for the war ships the first three days, the rebels sent down heavy reinforcements to Sugar Loaf camp, in the vicinity of the fort, and these reinforcements were ready to assist the fort in case of attack.

FROM CAIRO AND BELOW.

MEMPHIS, Jan. 3, *via* CAIRO, Jan. 7.—Gen. Dana has received information from his cavalry forces sent out from here on the 21st of December. They struck the Mobile and Ohio Railroad five miles below Corinth and had, on the 27th, utterly destroyed it below Okalona. Twenty-nine bridges, a great deal of trestle work, 32 railroad cars, 300 army wagons, and 4,000 carbines were destroyed. Forrest's camp of dismounted men at Verona were dispersed, and six officers and twenty men captured. The expedition did not lose a man.

General Grierson has orders to destroy the road as far as Meridian and release our prisoners at Cahawba if possible.

FROM SHERMAN'S COMMAND.

NEW YORK, Jan. 9.—The reports of Sherman having crossed the Savannah are confirmed. It is believed that he is marching on Grahamsville.

A Washington letter says: "The entire lot of cotton captured at Savannah will be shipped to England, the claims of English owners to be examined and judged upon by Mr. Draper, Government Agent at Savannah, and Savannah immediately opened as a port of entry." The same letter says: "The rebels are preparing to detach part of the force under Lee to operate against Sherman under the supposition that Grant can be held in check by a small force at present."

THE WAR IN TENNESSEE.

CINCINNATI, Jan. 9.—The *Commercial's* correspondent estimates that Hood took from 25,000 to 28,000 men across the Tennessee. Forrest abandoned one hundred and fifty wagons on the north side.

On Friday morning Logan passed through McMinnville with about 800 men. capturing a company of Tennessee cavalry. He crossed the Chattanooga railaoad below Tullahoma and tore up a few rails. He is on his way to join Forrest at Russelville.

FROM GRANT'S ARMY.

NEW YORK, Jan. 9.—The *Tribune's* Army of the James correspondence of the 3d, says that Mr. Pollard of the Richmond *Examiner*, captured some 8 months since, has gone to Richmond to seek an exchange of himself for Mr. Richardson, correspondent of the *Tribune*, captured 18 months since.

FROM BOSTON.

BOSTON, Jan. 7.—The large stone building on the south east corner of State and Washington streets, was badly gutted by fire early this morning. The lower floor was vacant, but the second floor was occupied by Brown Bros., bankers, and the upper portions principally by offices. The occupants do not lose much.

FROM FORT MONROE.

FORT MONROE, Jan. 8.—Secretary Stanton and Gen. Meigs arrived here last evening, also Simeon Draper and other attachees of the Custom House. They sailed from Savannah to-day. Weather stormy.

DISASTROUS FIRE.

CINCINNATI, Jan. 9.—Hayden's extensive rolling mill in Portsmouth, Ohio, was destroyed by fire Thursday, with a large stock of manufactures' iron. Loss $150,000. No insurance.

TO PREVENT CATTLE FROM JUMPING.—A "Soldier Boy" writes us that he has always succeeded in breaking cattle of the habit of jumping by piercing the ears of the unruly animals and tying them over the head with a piece of twine or ribbon. The philosophy of this is, that an animal always droops its ears when about to jump. When thus tied this cannot be done, and the idea is abandoned.

This is one of the oldest, safest, and most successful Life Insurance Companies in the United States, and offers advantages not excelled, and in some respects not equalled by any other.

Special care in the selection of its risks, strict economy, and a safe and judicious investment of its funds, emphatically characterize the management of this company.

Dividends of 30 per cent. declared and paid annually to cash paying members, and 25 per cent. to those members paying in part by premium note, and every three years the reversionary interest will be mutually divided.

The tables of mortality exhibit great prudence in the selection of lives, ranking with the lowest in the country.

Cautious, conservative and safe, it is yet in the advance in the essentials of a progressive benevolent institution.

Policies issued in all the various forms, of whole life, short term, endowment, annuity, &c.

ENDOWMENT PLAN.

Whereby the advantages of life insurance are combined with those of a saving's bank. By this mode, a policy is made payable to the assured on his attaining a given age, or should he die previous to that age, to his representatives at his death.—Thus making provision for old age, and affording protection to a family in the event of death.—This plan of insurance is becoming deservedly popular, and is rapidly superseding the old system of life payments. It has received the unqualified approval of the best business men in the land, large numbers of whom have taken out policies under it purely as an investment.

Its ten year non-forfeiture policies also demand particular attention.

Ratio of assets to liabilities 170, showing a bona fide security of $170 for every $100 of liabilities.

Institution for the Blind.

[illegible] the most successful and best regulated of Wisconsin's benevolent institutions, is the Institute for the education of the Blind, located near this city. In company with the efficient President of its board of Trustees, and several members of the legislature elect, we paid it a visit on Tuesday last, and spent several agreeable hours in listening to the interesting exercises of the different classes. The officers of the institution are as follows:

Trustees:—R. B. Treat, M. D., President; B. B. Eldredge, Treasurer; H. W. Collins, Secretary; S. W. Smith, Orrin Guernsey, Henry Harper.

Superintendent:—Thomas H. Little, M. A.

Teachers:—Francis A. Lord, B. A., Sabra A. Scofield, Helen A. Daggett.

Teacher of Music:—Jesse H. Temple.

Foreman of Shop:—Joseph Horton.

Matron:—Mrs. M. H. Whiting.

This Institution was commenced in 1850 with [illegible] scholars; [illegible] nine. The extract that follows we take from the annual report of the Superintendent:

"In the literary department the design is to give [illegible] education. The extent of the course is determined by the age, ability, application, etc., of each pupil. It is desired that each one should master thoroughly the studies he takes up, rather than that he should take up a great many; that the intellect should become a quick and powerful instrument for the use of knowledge, rather than a capacious vessel to hold it. During the term ending in June last, instruction was given to two classes in Reading, to three in Spelling, to three in Arithmetic, to two in Geography, and to one class each in Writing, Grammar, Rhetoric and Composition, Physical Geography, Algebra, Natural Philosophy and Physiology. At the close of the term a rigid examination was made for the purpose of ascertaining the exact amount of progress made by each pupil, and the records of the examination were made the basis of a new classification of the school for this term. The present classes are as follows: in Reading, two; in Spelling, two; in Arithmetic, four; in Geography, two; in Grammar, two; in Writing, one; in Algebra, one; in Mensuration, one; in History of the United States, one; and in Mental Philosophy, one. In the evening an hour is spent in reading to the school, which is divided into two classes, in order that the older and younger ones may each hear something that will interest them. Occasionally an evening is devoted to an exercise in declamation and recitation. This, though designed as much for recreation as for anything, has really proved a very profitable exercise.

In the musical department instruction has been given to all the scholars but one, in vocal music. There are two choirs, each of which meets five times in the week. About thirty have practiced upon the piano and melodeon, and about twenty upon the violin. A few girls have also taken lessons upon the guitar, and a few boys upon the flute. A brass band has also done very well, considering the condition of their instruments. Regular instruction has also been given in musical composition.

The industrial department is in many respects the most important. For carrying it on, however, the Institute has never had suitable facilities. Our old shop seems to have been designed on purpose to show how great obstacles a blind man can overcome for the sake of earning his own bread. I did hope to be able to announce in this Report, the completion of a new building, containing ample room for carrying on whatever branches of handicraft might seem to be adapted to the circumstances of the blind. The building now commenced will, when finished, do this for many years, and will also furnish temporary dormitories for our boys while the old wing is rebuilding. It will be necessary for the Trustees to lay the subject of its completion before the Legislature."

All the [illegible] instruction in broom making, in which [illegible] of them are getting to be [illegible]. We were shown several articles of handiwork of the young [illegible] in knitting, stitching and crocheting, that were quite as neatly done as if performed by those blessed with sight. We [illegible] the classes in spelling, reading, [illegible] arithmetic and algebra, and [illegible] the result. The class in spelling did remarkably well—much better in fact, than children of the same age in our common district schools. [illegible] not [illegible] a single word during the daily recitations of the whole month of December, as was shown us by the teacher's record. Those not familiar with the progress that has been made in the education of this unfortunate class of persons, during the last twenty years, will be astonished as well as gratified to visit this institution and see for themselves. The pupils seem cheerful and happy, and are not without their plays and sports to while away the time not occupied in study and recitations. The violin seems to be a favorite with them; and the music furnished by six young lads on that instrument, accompanied by a blind girl on the piano, was a decided gratification to our company.

The institution is fortunate in its selection of officers, especially in Mr. Little, the efficient Superintendent, and in Mrs. Whiting, the careful Matron—both of whom are the right persons in the right places.

The visit, on the part of the members of the legislature elect, was to become personally cognizant of the condition and wants of the Institution, so that they might be prepared to urge its claims upon the legislature now about to meet.

A WASHINGTON special says that the statement in the foreign news by the *Asia*, that the Mexican President has issued letters of marque and reprisal to Americans against French shipping, but which is not believed here in Government circles, will probably bring out a proclamation from President Lincoln, warning our people not to engage in the business on peril of being treated as pirates.

It is stated in Washington that the Provost Marshal General has decided that such persons as were drafted on the last call, and furnished substitutes for three years, were exempted for one year only, the district receiving credit for two one-year men.

The New Legislature.

The Legislature of this State convenes at Madison on Wednesday next, the 11th inst. We shall probably have the Governor's message [illegible] for our Thursday's issue. The following is a list of the members of the Legislature—the only correct one, we believe, yet published:

The Assessment Law.

UNION, January 2d, 1865.

Editors Gazette:—The Legislature will soon meet, and there is to be a new assessment made on real estate next summer. Under our present law, there is a class of persons who have to pay more than their share of the taxes, which is very hard for them to bear at the present high rates of taxation. I mean those who hold real estate that is mortgaged in part payment for the same, or have mortgaged it to make improvements on their premises. Now I believe the assessment law might be altered so as to divide the taxes more equally. As I am not much of a scholar myself, I shall not go into the particulars as to how I think it should be altered, but merely throw out a few hints, hoping they will fall into more able hands, and the needful amendments be secured.

My plan would be for the assessor to deduct the amount of all mortgages out of the valuation of the said real estate, and make a separate assessment of each mortgage, and let the holder of the said real estate pay the taxes on the said assessment, and his receipt for the taxes so paid on the mortgage be lawful tender for the interest on the said mortgage, and then not tax those who hold the mortgages on real estate located in this State.

Yours in haste,
NOAH DEVENPORT.

Campaign in Georgia.

Correspondence of the Cincinnati Gazette.

SAVANNAH, GA., Dec. 26, 1864.

The events of the wonderful campaign just ended are fading already before the dawn of a more brilliant march to come. Still we cannot forget them any more than we forget the sparkling constellations which fade as the brighter light of the morning comes over them. They shall shine as stars in the national firmament through all the quiet evenings of our country's future.

Though no general movement of the army has begun, signs are not wanting of an early campaign. Reviews in the Western army have always been as sure an indication of active service, as they ever were of the reverse in McClellan's palmiest days.

On the 24th Gen. Sherman reviewed the 15th corps and to-day he reviews the 17th, thus completing his inspection of the right wing of his army. To-night his quartermasters and commissaries will be very busy supplying all deficiences which may be discovered. Before the week is out the left wing will be reviewed, and its wants noted.

The public at home is not more anxious to hear of this army's advance than the army is to begin it. The soldiers along the river look wistfully every day across into South Carolina, and wish themselves marching. And once with his feet set on that soil, doubly polluted by treason, every man will consider himself as holding a commission from the nation to make South Carolina drain the dregs of that cup of war she mingled first.

There can be no mistaking the principal points of the next campaign. The possession of Branchville, half way between Charleston and Augusta, would make the latter place useless to the rebels, and sever all railroad communication between Richmond and points southwest of Branchville.

The roads from Savannah direct to this point, lead through most extensive swamps, and can be easily obstructed or destroyed by the enemy; still a line of advance by the Savannah river, to the southern limits of the Barnwell district, would not lengthen the march very considerably, while the army would pass through a country richly stocked with all needed supplies. Our prisoners who have lately escaped from Columbia, traveled through this region, and we have thus come to know it well.

There is nothing to prevent an advance. The army is better prepared for it in every respect than when it left Atlanta. The public need have no fears that it will be overpowered, or even checked, whatever its line may be. The army is stronger than the North supposes. There is no body of troops in the Confederacy that can successfully meet Sherman in the field, unless it be Lee's army, and it is questionable whether even Lee would dare attack him in position.

Charleston and Wilmington can both be taken by the time that spring begins to creep northward, and the nation may reasonably hope that Sherman will advance with the season, sowing broadcast the seeds of that final harvest which must yet be reaped at Richmond.

But while the busy preparations for the campaign are in progress, incidents connected with the last may not prove uninteresting.

GUNBOATS AND LAND BATTERIES.

The South has ever developed slowly in all that pertains to manufactures. It begins to appear as if the present war would not last long enough to bring her navy to perfection. As our army approached Savannah, Commodore Hunter steamed up the river to prevent our forces from burning the railroad bridge. The gunboat on which he was, was armed with four 68-pounders, and two 20-pound rifles, and was accompanied by a transport, having on board seven officers and a crew of privates. Battery I, First N. Y. Artillery, composed of light three inch guns, was in position on the shore. As the rebel ironclad drew near our battery opened rapidly. The Commodore opened his big guns, fired eleven shots, put about, and leaving the transport to its fate was soon out of sight. Whether the Commodore had forgotten anything, and was going for it, or whether he thought it advisable to report the presence of Gen. Sherman to Hardee we never knew, and the officers captured on the transport were too much exasperated to inform us.

AN INDEPENDENT CAVALRY COMMAND.

Throughout the march the advance of the 17th Corps was covered by the First Alabama cavalry. This is a large regiment made up of the Unionists of north Alabama. It has been in existence since the first occupation of Huntsville, and has become a most efficient organization. On the entire march it was only necessary to bring up infantry to its support on one occasion. The regiment wages a system of warfare peculiar to the forces recruited from such material. Nearly every man has suffered fearfully in person or property, or in the savage cruelty inflicted upon their families. Every man has private wrongs to redress. The war which such men wage brings terrible retribution with it.

THE LINES OF INVESTMENT.

Doubtless the question will be asked, why was Hardee allowed to escape? My friend, whoever you may be, how would you have caught him?

From Fort McAllister where our right rested, it was twenty-seven miles to the left of the army on the Savannah. Between our lines and the outer works of the rebels, were impassable swamps and extensive rice fields. The latter were flooded forming immense lakes six feet deep. But few roads led into the city, and but little firm ground crossed these swamps.

Movements in such a country are necessarily slow, and although at all available points our lines were pressed close up to the rebel works, it was a tedious task to complete the investment of the city. Hardee is an old rat, and just as the trap was about to be sprung he slipped away.

A SUPERIOR REMEDY.

We can conscientiously recommend to those suffering from a distressing cough, Dr. Strickland's Mellifluous Cough Balsam. It gives relief almost instantaneous, and is withal not disagreeable to the taste. There is no doubt but the Mellifluous Cough Balsam is one of the best preparations now in use, and is all that its proprietor claims for it. We have tried it during the past week, and found relief from a most distressing cough. It is prepared by Dr. Strickland, No. East Fourth street, Cincinnati, O., and for sale by Druggists at 65 cents per bottle.

They are purely vegetable, pleasant to take, prompt and salutary in their effects on the broken down and shattered constitution. Old and young can take them with advantage. Imported and sold in the United States only by JAS. S. BUTLER, No. 427 Broadway, New York. Agent for the United States. P. S.—A Box of the Pills, securely packed, will be mailed to any address on receipt of price, which is One Dollar, post paid—money refunded by the Agent if entire satisfaction is not given. octldaw2me214

A CARD TO INVALIDS.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.* Please inclose a post-paid envelope, addressed to yourself. Address JOSEPH T. INMAN, Station D, Bible House, New York city. nov3dawm-202

HAGAN'S MAGNOLIA BALM.

This is the most delightful and extraordinary article ever discovered. It changes the sun burnt face and hands to a pearly satin texture, of ravishing beauty, imparting the marble purity of youth, and the *distingué* appearance so inviting in the belle of fashion. It removes tan, freckles, pimples and roughness from the skin, leaving the complexion fresh, transparent and smooth. It contains no material injurious to the skin. Patronized by Actresses and Opera Singers. It is what every lady should have. Sold everywhere. Prepared by W. E. HAGAN, Troy, N. Y. Address all orders to DEMAS BARNES & CO., New York.

LYON'S KATHAIRON.

Kathairon is from the Greek word "Kathro," or "Kathairo," signifying to cleanse, rejuvenate and restore. This article is what its name signifies. For preserving, restoring and beautifying the human hair it is the most remarkable preparation in the world. It is again owned and put up by the original proprietor, and is now made with the same care, skill and attention which gave it a sale of over one million bottles per annum.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair from falling off and turning gray.
It restores hair upon bald heads.

Any lady or gentleman who values a beautiful head of hair should use Lyon's Kathairon. It is known and used throughout the civilized world. Sold by all respectable dealers. DEMAS BARNES & CO., New York.

MEXICAN MUSTANG LINIMENT.

The parties in St. Louis and Cincinnati, who have been Counterfeiting the Mustang Liniment under pretense of proprietorship, have been thoroughly estopped by the Courts. To guard against further imposition, I have procured from the United States Treasury, a private steel plate revenue stamp, which is placed over the top of each bottle. Each stamp bears the *fac simile* of my Signature, and without which the article is a Counterfeit, dangerous and worthless imitation. Examine every bottle. This Liniment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable Globe that does not contain evidence of its wonderful effects. It is the best emollient in the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, pains relieved, lives saved, valuable animals made useful, and untold ills assuaged. For cuts, bruises, sprains, rheumatism, swellings, bites, cuts, caked breasts, strained horses, &c., it is a Sovereign Remedy that should never be dispensed with. It should be in every family. Sold by all Druggists. DEMAS BARNES. sep22daweow6m-e13

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

THIRTY THOUSAND!

These instruments are now in use mostly in the United States and Canada, also in Europe, Asia, Africa, South America, and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Industrial Exhibitions, they have invariably been

AWARDED THE HIGHEST PREMIUM,

whenever exhibiting in competition with others. We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We daily see advertisements of some new reed instrument, with strange name, purporting to be superior to Melodeons and School Organs. A new exterior and new name will naturally attract attention; but the public will bear in mind that *all Reed Instruments,* now manufactured in the United States and Canada, are, *as nearly as they can be made without infringing our patents,* copies of our own.

Agents for the sale of our Melodeons can be found in all the principal towns of the United States and Canada. Address either

GOTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal, *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

Signed, L. M. GOTTSCHALK.

DISCRIMINATION AGAINST THE NORTHWEST.—The discrimination of the railroads against Chicago and the northwest generally [illegible] the freight on provisions from Chicago to New York is now $1.60 per 100 lbs., while that from Cincinnati to New York has declined to $1.10 per 100 lbs., and private advices state that some of the roads are carrying for $1. Here is a difference in freight alone of [illegible] or $1.60 on a single barrel of pork. Such an unjust discrimination against the interests of the packers and producers of the northwest is an outrage, for which we trust the perpetrators may yet suffer. But for the products which are shipped from this city to the seaboard, these very railroads would rust and decay for lack of patronage, and their stocks would not be worth in the market to-day one-half the price at which they are quoted.—*Chicago Tribune.*

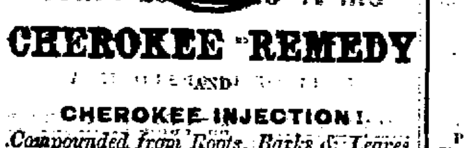
Good News for the Unfortunate!

THE LONG SOUGHT FOR

DISCOVERED AT LAST.



CHEROKEE REMEDY

AND

CHEROKEE INJECTION!

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic cures all diseases of the urinary organs.

It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in all cases of Gleet, Gonorrhea, Fluor Albus. Its effects are healing, soothing, and demulcent; removing all scalding, heat and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

Price, Cherokee Remedy, $2 per bottle, or three bottles for $5.

Price, Cherokee Injection, $2 per bottle, or three bottles for $5.

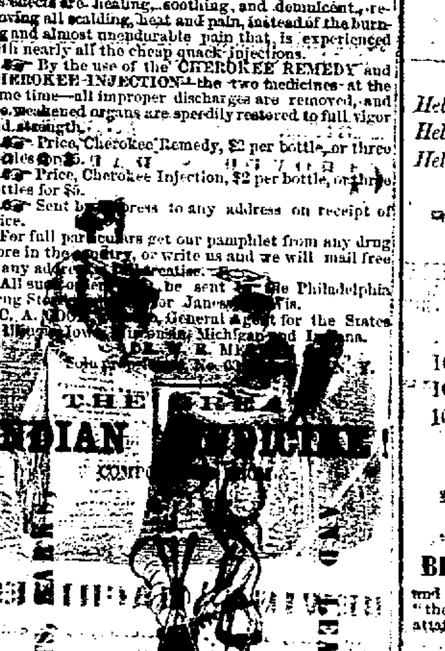
THE GREAT

INDIAN MEDICINE!

COMPOUNDED FROM



CHEROKEE CURE!

This medicine is a simple vegetable extract, and one on which all can rely, as it has been used in our practice for many years, and with thousands treated, it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn case.

To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, Despair not! the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

Price, $2 per bottle, or three bottles for $5, and forwarded by Express to all parts of the world.

THE GREAT AMERICAN REMEDY.

Helmbold's Genuine Preparation

"Highly concentrated" compound

FLUID EXTRACT BUCHU,

a positive and specific remedy for diseases of

The Bladder, Kidneys, Gravel and Dropsical Swellings.

H

This medicine increases the power of digestion and excites the absorbents into healthy action, by which the water or calcerous dispositions, and all unnatural enlargements, are reduced, as well as pain and inflammation.

Take no Balsam, Mercury or unpleasant medicine for unpleasant and dangerous diseases.

E

HELMBOLD'S EXTRACT BUCHU

[illegible] in all their stages, at little expense, little or no change of diet; no inconvenience, *and no exposure.*

It causes frequent desire and gives strength to urinate, thereby removing obstructions, preventing and curing strictures of the urethra, allaying inflammation, so frequent in this class of diseases.

Thousands upon thousands who have been the victims of quacks,

and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "poison" has, by the use of "powerful astringents," been dried up in the system, to break out in an aggravated form, [illegible]

L

Use Helmbold's Extract Buchu for all affections and diseases of the urinary organs, whether existing in male or female, from whatever cause originating, and no matter how long standing. Diseases of these organs require the aid of a diuretic. Helmbold's Extract Buchu is

The Great Diuretic,

and it is certain to have the desired effect in all diseases [illegible]

M

BLOOD! BLOOD! BLOOD!

Helmbold's highly concentrated compound

Fluid Extract Sarsaparilla Syphilis.

This is an affection of the blood, and attacks the sexual organs, linings of the nose, ears, throat, windpipe, and other mucous surfaces, making its appearance in the form of ulcers. Helmbold's Extract Sarsaparilla purifies the blood, and removes all scaly eruptions of the skin, giving to the complexion a clear and healthy color. It being prepared expressly for this class of complaints, its blood-purifying properties are preserved to a greater extent than any other preparation or Sarsaparilla.

Helmbold's Rose Wash,

an excellent lotion for diseases of a syphilitic nature, and as an injection in diseases of the urinary organs, arising from habits of dissipation, used in connection with the Extracts Buchu and Sarsaparilla, in such diseases as recommended. Evidence of the most responsible and reliable character will accompany the medicines.

Certificates of cures, from three to twenty years standing, with names known to science and fame.

Sewing Machines.

WILCOX & GIBBS'

SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the *fine needle and thread*, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with no change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will use [illegible]. It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

"ROTATING HOOK,"

and drawing the twist [illegible] tight, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted not to rip in wear, and under all circumstances to [illegible]. Old worn out family garments [illegible] have been submitted to Committees at Fairs where was the *greatest competition*, and to this stitch premiums have been awarded for its SUPERIORITY, DURABILITY, [illegible] BEAUTY.

A Patented Device *prevents the possibility of the machine being run in the wrong direction*, or the balance wheel ever wearing or touching the dress. By another ingenious Patent Improvement,

The Needle Cannot be Set Wrong,

Thus avoiding the great trouble of other machines. In this it is [illegible] in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is less than [illegible], and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark.* The hem [illegible] width. No other hemmer or feller is like this. It turns the hem on the right or upper side, as you want it.

IT WILL NOT DROP STITCHES,

[illegible]

Wilcox & Gibbs Sewing Machine

[illegible]

MATHEMATICAL PRECISION,

[illegible]

Warranted [illegible] for several years. Many thousands are already in use [illegible] in family use has ever cost a cent to repair, or ever been out of order [illegible]. They will last a generation. If properly used [illegible]. None who have used it can be satisfied with any other [illegible]

Wilcox & Gibbs Sewing Machine

Works at an instant's notice, and never stops "unaccountably." Not one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs is in the hands of any one, knows no "skips," "drops," "jumps," or "misses." The [illegible], evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Its rapidity, absolute stillness, ease of motion, narrowness and neatness of its Hem and Fell were never approached by any other machine. We can call in a boy or girl from the street, and with three minutes instruction they will set the needle, attach the Hemmer or Feller, and do the work with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to our office to do their fine hemming and felling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE

COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion, the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

THE regular meeting of the Young Men's Literary Union will be held this evening.

HOUSEKEEPERS will do well to note an advertisement in another column headed "grease wanted."

DR. KNAPP will be at the Hyatt House on Wednesday and Thursday of this week, and may be consulted on the cases which he treats.

REVIVAL AT FAIRFIELD.—A gentleman writing us from Emerald Grove says that a revival of religion is in process at Fairfield, Rock county. It is quite wide spread in its effects.

LOST.—Yesterday, somewhere, it is supposed near Trinity church, a small cameo breast pin, which the loser values highly, it being the gift of a brother who died in the army. The finder will confer a great favor by leaving it at this office.

FIRE SUNDAY MORNING.—An unoccupied house belonging to John Spoon, located in the 4th Ward, near the river, was discovered to be on fire about 4 o'clock Sunday morning, and together with its contents, was entirely consumed. It was insured for $475 we understand. No clue to the manner in which it took fire has been obtained.

PERSONAL.—We received a call to-day from Capt. H. H. Coleman of the 38th regiment, who has just reached home, he having received a furlough of 20 days to recruit his health, which has been somewhat impaired. His regiment is in front of Petersburg on the extreme left of Grant's line, where it has remained for a long time. Capt. C. reports the boys from Janesville as in good health and spirits.

FIFIELD BROTHERS.—In another column will be found the card of this sterling firm. They call for a settlement of old accounts, which they propose to have; but at the same time they offer to the public choice lumber, both seasoned and green. They want to purchase dry and green wood, which they also sell and deliver on favorable terms. They will be found honorable and straightforward men to deal with.

THE FUNERAL OF ADJUTANT SARGENT,—The funeral of this gallant young soldier took place yesterday and was largely attended. The procession consisting of a military escort, the firemen in a body and citizens in carriages, formed at the house on Bluff street and proceeded to Trinity Church, where appropriate religious services were held, after which the remains were escorted to the grave and laid tenderly to rest.

Letter from West Milton.

Well, Messrs. Editors, the great event is over. You ask what event. Why the Christmas tree, of course; which has so long been the subject of wonder of what it would be like, among the children of our society.

The friends of the Sabbath school determined to provide something interesting, and perhaps for those of more mature years, and that that something should take place on Christmas evening, and they further determined to obtain a tree, place it in the church and load it with presents, to be given to the children of the school and others designated by the donors.

The time came at last, and the members of our society with their children repaired to the church, where we beheld the tree well loaded with almost all manner of fruit in the shape of presents which seemed almost innumerable.

The tree was a young black oak, placed in front of the desk, filled with apples and shawls, caps and mittens, neckties and collars, birds and rabbits, candies and nuts, castors, photographic albums, Bibles, Testaments and miscellaneous books, and many other things, as traders say, "too numerous to mention," and over all was placed the stars and stripes of the government that protects all loyal people in the enjoyment of their rights. So you see we like our government and mean to support it against "foes within and foes without."

Our celebration passed off very pleasantly in the following order: First, prayer by Elder James C. Rogers, pastor of the Rock River Baptist church.

2d. Calling of the roll, each scholar answering to his or her name with a sentiment, some of which were very appropriate, and all were good. 3d. Song by the choir—Good Evening. 4th. Oration by H. L. Bond. Subject: One Hundred years to come. 5th. Essay by Amelia J. Crandall. Subject: Self Denial. 6th. A poetic oration in concert by a class of young girls. Subject: The sweet story of Jesus among men. 7th. Song by the choir—Glory to God in the Highest.

8th. Essay by Ursula Monroe. Subject: What is Christmas. 9th. Dialogue by Mary Crandall, Helen McHenry, and Minerva Stillman. Subject; The Orphan Girl. Mary Crandall represented the Orphan, Minerva L. Stillman, Pleasure, and Helen McHenry, Wisdom. The piece was well spoken, and designed to show the difference between Worldly Pleasures and Heavenly Wisdom.

10th. Song by a class of young girls—Children in Heaven. Well sung. 11th. A letter from the former Superintendent, Elder B. F. Rogers, now preaching in New Auburn, was read in answer to a request from the school, which was listened to with interest. 12th. Essay by Susan L. Palmer. Subject: Death of a School-mate. 13th. Song by the choir—Come to Me. 14th. Annual address by Elder James Rogers, in which the usefulness of Sabbath Schools and the study of the Bible was well illustrated and ably enforced. 15th. Song by the choir—On Jordon's stormy banks.

Then followed the distribution of presents which all enjoyed, as nearly all had presents, of which nearly seven hundred were distributed. I forgot to mention the bird cage with a live Canary in it which was presented to Mrs. T. Weed, wife of Mr. Theodore Weed, who has served his three years in the 5th Wis. Vol. Song by the choir—Good Night. So closed a Merry Christmas evening.

The orations were well spoken, the essays well read, music good, and put all together it was indeed a very pleasant evening, and will long be remembered with pleasure by all who were present.

Yours Truly, S. N.

A KNIFE IN A HORSE'S THIGH.—A Mr. Rhinehart, of South Coventry township, Chester, Penn., purchased a condemned government horse recently, and discovering a wound or sore on its thigh, which showed no sign of healing, made an examination of the wound, and finding some hard substance in it, extracted it, and found it to be a lady's pocket-knife, with the blade shut.

CITY NOTICES.

STOP THIEF.—Stolen from the subscriber, on the night of Jan. 4, 1865, one dapple gray horse, weighing about 1,000 lbs., rather low built, flat feet, may be a trifle lame; and one bay mare, weighing about 1,050 lbs., with light neck, low built, spirited, and an easy traveler, with one ankle, behind, a trifle larger than the other. Also one dark colored, fancy built cutter, seat stuffed and lined with checked woollen goods; painted, striped, &c. Double harness was light, russet colored reins; one bridal had on a standing martingal, red housings under black pads. Harness considerably worn. Buffalo robe was large and new, with fancy painting on inside. One blanket was dark gray, and quite ragged, and one was nearly new, light colored, checked material, with a piece torn out of one corner. One saddle, made of black leather, McClellan tree, seat lined and edges brass bound; breast strap was yellow.

Any one who will apprehend the villians, or return the property, will be properly and satisfactorily rewarded.

DYSPEPSIA, NERVOUSNESS, AND DEBILITY, DR. STRICKLAND'S TONIC.—We can recommend those suffering with Loss of Appetite, Indigestion, or Dyspepsia, Nervousness and Nervous Debility, to use Strickland's Tonic. It is a vegetable preparation, free from alcoholic liquors; it strengthens the whole nervous system; it creates a good appetite, and is warranted to cure Dyspepsia and Nervous Debility.

For sale by Druggists generally at $1 per bottle. Prepared by Dr. A. Strickland, 6 East Fourth street, Cincinnati, O.

ON ALL sides we hear the merits of the Grover & Bakers Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly. operate so easily? *None*, we conscientiously affirm.

DR. KNAPP & SON

Physicians & Surgeons,

FORMERLY OF NEW YORK,

are treating successfully

CHRONIC DISEASES,

On a New System!

Which embraces the best and most approved methods in this and other countries for the cure of all Chronic Diseases.

They treat successfully

All Nervous & Neuralgic Affections,

All forms of Scrofula, Dyspepsia, Diseases of the Liver, Constipation, all Skin Diseases, Pulmonary Consumption in its early stages, Paralysis, Epilepsy, Salt Rheum Headaches, all Heart Diseases, Diseases of Children and

Seminal Weakness, & Sexual Diseases,

Which are carrying thousands to their graves annually.

EYE AND EAR!

They treat successfully, on a new method, all diseases of the Eye and Ear. They have had more extensive practice, and better success in the treatment of all

DISEASES OF WOMEN,

Than any other Physicians in America. They have cured women who have been confined to their bed for years. They never fail to cure

RHEUMATISM!

In all stages; no matter of how long standing. They cure

ASTHMA,

so it never returns. They have a Sure Cure for the distressing disease,

Hemmorrhoids, or Piles!

They cure all Diseases of the

Throat and Lungs!

DIPTHERIA CURED!

They have discovered a

SURE AND SPEEDY CURE

For this Terrible Disease!

It is also a sure cure for Scarlatina, or Scarlet Fever, which is of the same class of disease. It never fails to cure Diptheria or Scarlatina in from 12 to 48 hours. It gives relief immediately.

PRICE PER BOTTLE, - - $5.00

CANCERS!

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without eating them out or using the Knife. Let those who have

TUMORS OR SWELLINGS,

or a red spot lose no time in having it attended to, as a timely treatment may save them from the horrors, suffering and death of an open cancer.

CATARRH CURED!

They are treating Catarrh on a new system which is a

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by local treatment *alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never* cure.

Understanding the disease and we know it *cannot* be cured by LOCAL treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the *causes* of *Catarrh*, and thereby effect

A PERMANENT CURE.

THEIR CONSULTATIONS for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

Remember they do not promise to cure all stages of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, not next—to-day, not to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.

Our Terms are CASH; hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicines

The poor will be favored.

CONSULTATION FREE.

Patients must write their name, State, post office address, plainly. All letters requiring an answer, must contain a letter stamp, and be addressed to DR. KNAPP & SON, Racine, Wisconsin.

Any of the above diseases can be treated successfully by the patients' describing their case in a letter, when they cannot see us.

Dr. Knapp, who has visited Janesville regularly for seven years, can be consulted at the Hyatt House, Wednesday, January 11th and till four o'clock p. m. Thursday, January 12th; Wednesday, March 15th and till four o'clock p. m. Thursday, March 16th; Wednesday, May 17th and till four o'clock p. m. NOTICE FOR FEBRUARY, 1865!

ESPECIALLY TO THE SICK!

DR. V. CLARENCE PRICE.

Analytical Physician,

LATE OF BUFFALO, N. Y.

To the cure of all Chronic Diseases, in all the various forms and stages, DR. PRICE has for years devoted his whole attention. System of treatment founded on truth, and the only one that has proved successful. No speculation! No trifling! No deception! No making sick!! Assists nature. Permanent cures effected without experiment. Practice differs from all others. No physician living has had more experience in this class of diseases.

Lungs, Throat, Liver, Heart, Kidneys, Rheumatism, Catarrh, Dyspepsia, Fits, Scrofula, Dropsy, Female Complaints, and all chronic ailments are cured without exhausting the energies of the system, or the use of destructive agents.

We invite the sick to call. Consultation free. A candid opinion always given. We have regularly visited Janesville for years, and shall continue regularly to do so.

Dr. Price receives patients on his next visit, and on the same days of the week every eight weeks regularly:

At Janesville, Hyatt House, on Saturday and Sunday, the 4th and 5th of February.

At Woodstock, Exchange Hotel, on the 6th of February.

DOTY'S CLOTHES-WASHERS

Are SIMPLE, DURABLE & CHEAP,

MAKE WASHING EASY, And SAVE CLOTHES.

These Washers were exhibited at the great New England Fair of 1864. won the admiration of thousands, and were awarded a splendid Diploma; also at the Wisconsin and Pennsylvania State Fairs of 1864, they were awarded the first premium.

To Wool Growers!

Wool fleeces may be washed in these Machines at the rate of *a fleece in two minutes*, without tearing them apart, and the wool brings the price of *tub-washed wool*, which is *five to eight cents per pound more* than that washed on the sheep. This is very important to every wool grower

They are recommended as the Very Best in Solon Robinson's great new work, "Facts for Farmers," by ORANGE JUDD, proprietor of the *American Agriculturist* and by other prominent men,

It gives us great pleasure to be able to afford these great household blessings at the following comparatively trifling cost, which is a reduction of about 20 per cent. on former prices:

Small Size, at Janesville,	$ 9.50
Family " "	10.50
Hotel " "	13 50

The above prices include Faucet. Machines with plug instead of faucet, 50 cents less.

Full Directions for Using are Attached to Each Machine.

Any person purchasing a Washer of us may return the same and have the purchase money refunded, if, after four weeks fair trial according to directions, it fails to give satisfaction.

Many of our Washers are now in use in Janesville, and we subjoin the following testimonials:

From Rev. G. W. Lawrence:

MR. DOTY—I confess I have been quite skeptical in regard to the utility of washing machines, until we gave yours a trial. Having tested it thoroughly, we are fully prepared to say, unsolicited, that we regard it as a capital machine. The principle upon which it works is the true one—removing the dirt effectually without injuring the clothes in the slightest manner. My wife endorses it heartily as a labor-saving machine, and considers it truly a "Paragon." With "Doty's Paragon Clothes Washer," and the "Universal Clothes Wringer," washing day is no longer dreaded as in days of yore G. W. LAWRENCE.

JANESVILLE, Nov. 11th, 1864.

Messrs. Doty Bros.:

GENTLEMEN—I have had in use one of your Washing Machines since May last. We have tried other inventions, but they have invariably proved worthless, after a few weeks use. Yours is the only invention that has stood a satisfactory test in my family. It works admirably, and is a great labor saving machine; while in point of economy it has no equal. It has more than saved its cost already in the diminished wear of clothing, as compared with any other process of washing with which I am familiar. No family can well afford to be without one Yours truly.

Dry Goods.

PANIC IN THE

DRY GOODS MARKET.

Immense arrivals by

RIORDAN & LEECH.

Our numerous customers are hereby informed that having visited the markets for the second time this season, at the critical period when gold was tumbling and staple and domestic Dry Goods were being slaughtered in the Auction Rooms of Wildermings & Mount, Hoguet & Humbert, and Van Wyck, Townsend & Co., and having purchased largely while other merchants were lying still at home, we are now prepared to offer to the public the largest and best selected
